

COMMITTEE FAILS TO REACH DECISION

CONSIDER SMOOT BILL AND CALDER TAX ON ALCOHOL

Calder Would Impose Tax of \$6.40 Per Gallon on Whiskey for Medicinal Purposes—Also Wants Tax of \$5 Per Barrel on 2.75 Per Cent Beer—Smoot Wants Simplicity

(By The Associated Press)
WASHINGTON, Sept. 17.—The senate finance committee today failed to reach final decisions on the Smoot tax simplification bill embodying a manufacturers' sales levy, and on Senator Calder's proposal to impose a tax of \$6.40 a gallon on all alcoholic liquors withdrawn from bond for other than manufacturing purposes. The committee will meet again Monday.

Senator Smoot's bill was said to have been favorably received by several senators but the consensus of opinion seemed to be that the committee would reject it.

Reiterating that he would offer the bill in the senate, the Utah senator said:

"We will see what will happen there. The American automobile association came out today in favor of the manufacturers' tax proposal, declaring that it would give to the business men of the country just what they themselves feel is needed to set in motion the wheels of industry that will give employment to more than five million new jobs."

PHYSICIAN WHO TREATED DEAD WOMAN LOCATED

Hotel Physician Who
Treated Miss Rappe
is in Nevada

(By The Associated Press)
SAN FRANCISCO, Cal. Sept. 17.—A missing witness in the Roscoe C. (Patty) Arbuckle case, Dr. Arthur Beardslee, the hotel St. Francis physician who treated Miss Virginia Rappe before her death, was located today in a telegram received from the sheriff of Douglas county, Nevada, at Minden.

Dr. Beardslee yesterday left Minden for Bridgeport, Mono county, Calif., on a hunting trip, according to the notification given District Attorney Matthew F. Brady who telegraphed to the Mono county sheriff to order Beardslee to proceed to San Francisco at once.

His testimony is expected to throw light on the condition of Miss Rappe the first day after the Labor Day party in Arbuckle's suite at the St. Francis, from which her death resulted. Dr. Beardslee had been summoned as a witness at the coroner's inquest but could not be located.

Preliminary Hearing Monday.
Arbuckle's brief appearance in the superior court today to obtain continuance on the manslaughter charge pending against him, completed his present schedule of trips outside the city prison until next Thursday when his preliminary examinations begin before Police Judge Sylvan J. Lazarus on the murder complaint sworn to by Mrs. Bambina Maud Delmont, a member of the party in Arbuckle's rooms.

Miss Mae Taube, another member of the party was questioned by Brady, who said she had persisted in her original statement that she was the person who called Assistant Manager Harry J. Boyle of the hotel on the telephone for assistance. At the inquest Mrs. Delmont said she herself did the telephoning. Brady said some important items of information were learned from her and her statements might lead to taking up certain new phases of the case before the grand jury Monday night.

Manager Thomas J. Coleman of the hotel St. Francis and other executives and employees were called before Robert H. McCormick, assistant United States attorney in charge of liquor prosecutions for questioning regarding the origin of the twenty quarts of liquor said to have been consumed at Arbuckle's party.

WILL PREACH AT CENTENARY CHURCH

Dr. E. L. Fletcher, district superintendent, will fill the pulpit at the centenary church this morning. The new pastor of the church, Rev. C. D. Robertson, has not yet arrived in the city.

SHIPPING BOARD IS BEGINNING TO SEE THE LIGHT

Lasker Believes it Will
Soon Be Able to
Pay Own Way

(By The Associated Press)
WASHINGTON, Sept. 17.—The shipping board which President Harding recently stated had entailed expenditures from the treasury of approximately three and a half billion dollars, is getting in "sight of the end of the need for asking great sums," Chairman Lasker announced today.

The board chairman made this announcement in connection with submission to Director of Budget Daves of additional estimates amounting to \$26,500,000, which he said would be needed by the board to continue operations this fiscal year. Next year, however, the chairman added board operations should not cost the government more than \$50,000,000, one half of the amount estimated as necessary this year.

The appropriations for the two years, totaling \$150,000,000 Chairman Lasker said, should, if construction were left out of consideration, be the board over until world trade conditions improve and the provisions of the merchant marine act come fully into effect.

Would Wipe Out Loss.
"If world business improves," he added, "the whole operating loss sustained by the board is expected to be wiped out. In addition we will collect bank debts due the board, our appropriations will become smaller until we hope there will come a time when the receipts and expenditures will balance."

Claims outstanding against the board were estimated by the chairman at between \$15,000,000 and \$20,000,000, but to offset these, he said, were millions of dollars due the board in addition to collecting. Operations during July he added entailed a loss of \$5,769,000 as compared with \$10,000,000 to \$12,000,000 several months ago. He predicted the board would be able to operate for the remainder of the fiscal year at a loss of not more than \$5,000,000 a month.

LOUISVILLE WILL NOT STAND FOR THE KU KLUX KLAN

Mayor Details Plain Clothes-
Men to Trail Or-
ganizer

(By The Associated Press)
LOUISVILLE, Ky., Sept. 17.—Organizers for the Ku Klux Klan late today announced that the proposed attempt to hold a meeting in Louisville had been abandoned and that activities of the organization have been transferred to Jeffersonville, Ind., opposite Louisville on the Ohio river.

The army in that city, the statement said had been secured for an address by Rev. Caleb A. Riddle, of Atlanta, preparatory to forming a branch of the order. Mayor Newton H. Myers, of Jeffersonville, said the meeting was a peaceful assemblage had his sanction altho officers, he said, had been detailed to see that no undue excitement with good citizenship was advocated.

The chief of police, whose force consists of four men said he was governed by the mayor's orders.

Preparations to hold the meeting in Louisville went forward today until Mayor Smith detailed plain clothesmen to trail the organizer who gave the name of Dr. G. S. Long, formerly a resident of Tulsa, Okla. They were instructed to arrest him if he continued plans for it.

Apparently impressed by the determination of city authorities to stop the proposed gathering the organizer turned toward Jeffersonville.

LEFT FOR TRIP TO BATTLEFIELD

Dr. and Mrs. David Reid left Saturday for St. Louis, where they expect to take the steamer Monday for a trip to Shiloh battlefield on the Tennessee river. Dr. and Mrs. Reid expect to return Monday, Sept. 26.

TRIBUTE IS PAID TO THE MEMORY OF DIRIGIBLE VICTIMS

Impressive Ceremonies Are Held in New York Navy Yard Saturday Afternoon—Secretary Denby Places Bouquets on Each Casket, Sent by President and Cabinet

(By The Associated Press)
NEW YORK, Sept. 17.—The nation, from president to humblest citizen, today paid its tribute to the memory of sixteen brave men.

These sixteen were American officers and men of the ill-fated dirigible ZR-2, whose disastrous plunge into the river at Humber put two nations in mourning. Around the caskets of fifteen—for one has been buried in British soil—there gathered in the New York navy yard this afternoon a great band of mourners coming from all ranks of American society. With them, in reverent sympathy, stood guards of honor from three foreign nations—Great Britain, France and Brazil—which landed parties from warships now in port.

Secretary of the Navy Denby, representing the president and cabinet attended the memorial service and placed on each casket a bouquet of flowers. When he had finished his sad task, his hands were trembling and his eyes moist.

It was a martial funeral, worthy of the gallantry of the men who had sought adventure and found death.

Because of rain which became a downpour at 2 o'clock the hour set for the ceremony, the service was held in the yard mess hall, instead of outdoors.

At one end of the white washed hall was the speaker's platform and in front of it in a solemn row the dead. Each coffin was shrouded in the American flag each covered with flowers, which bore a simple card bearing the name and rank of the deceased.

First to file into the mess hall were the American guards of honor—picked seamen and men from the marine corps. The line of blue and khaki was drawn up along one side of the auditorium. Then again the tramp of marching men and a platoon of Royal marine light infantry, from the British Cruiser Dauntless which yesterday bore the bodies home, entered. On the side facing the Americans the Britishers—trim in their blue uniforms with white belts and pith helmets took their stand.

In the rear of the hall filed sailors from the Brazilian battleship Minas Geraes and the French cruiser Ville de Paris.

Then the doors were thrown open to all. As the floor slowly filled, it became an oblong of contrasts. The glitter of gold lace on staff was tempered by the sombre dress of the women. In this scene it was the men not the women who touched the picture with color. On the platform were seated men of rank—the secretary of the navy, three admirals, commanders of foreign warships at anchor here; Sir Hugh Trenchard, British air minister; Major Robert Lee Bullard of the United States army, British and French consul generals and men prominent in varied walks of life.

Many Stand In Rain.
But even nearer the caskets were privates and ordinary seamen while inside the auditorium and out were men without collars who stood for hours in the rain until their clothes were soaked to pay tribute to men who had faced death unflinchingly. The democracy which the gallant sailorsmen had known in life was theirs in death.

The sound of muffled drums outside the hall—the strains of the Star Spangled Banner within and the service had started. Women in black, closest relative of the dead, who had pressed their handkerchiefs to their eyes as they passed the caskets on, turned the hall stood a little straighter held their heads a little more proudly when they heard the anthem of a country for which their sons, brothers and husbands had lived and died.

But there was one gray-haired mother for whom the strain was too much, the sorrow too deep. It seemed as if she would faint and she was led weeping, from the building.

Secretary Denby raised his handkerchief to his eyes as the mother was assisted down the aisle moaning again and again: "My baby!"
Lieutenant Commander F. E. Moyer, navy chaplain conducted the final ritual—that of the Protestant—(Continued on Page 4)

RETURNS BLANKET INDICTMENT IN MINER TROUBLES

Over Three Hundred
Are Charged With
Murder

(By The Associated Press)
LOGAN, W. Va., Sept. 17.—Three hundred and twenty-five names were included in a blanket indictment, charging murder returned by a Logan county special grand jury today. The indictments followed an investigation of recent disturbances on the Logan-Boone county border. Among the names are those of C. F. Keeney and Fred Mooney, president and secretary respectively of District No. 17, United Mine Workers of America, and H. W. Blizard, also a United Mine Workers official.

In addition, two hundred indictments charging insurrection and "pistol toting" were returned. The capias in most instances will be sent to the sheriffs of Kanawha and Boone counties for service where a majority of the indicted men reside. The blanket indictment charging those named with being principals and accessories to the killing of John Gore, deputy sheriff of Logan county, was based on an alleged violation of the Redman act. That act classifies such deaths as murder in the first degree.

Gore was killed Aug. 29, in an encounter between armed men and sheriffs in the Logan county district march across the number of men who proceeded into Mingo county and protest state martial law invoked several months ago. The special grand jury further held in the indictment that a "conspiracy to inflict bodily harm and punishment" had existed and that as the "result of such conspiracy, Gore came to his death."

The remainder of the indictments charged conspiracy to force a revolution and insurrection, and "the carrying of weapons in violation of the Johnson law. Kerney and Mooney have been sought for the last three weeks, following their indictment at Williamson on charges growing out of a fatal shooting affray in the county during disorders last May. After making its return to Circuit Judge Robert Bland, the jury was discharged and the capias immediately issued.

While no announcement has been made of the date on which the men will go to trial, it was believed generally that the cases will be taken up at the October term of circuit court.

Apart from the officials the names of those indicted were not made public.

GERMAN REICHSRATH RATIFIES TREATY

BERLIN, Sept. 17.—The treaty of peace between Germany and the United States has been formally ratified by the German reichsrath or upper chamber.

The reichsrath, the legislative council, which has just ratified the peace treaty with the United States, was organized under the new constitution of Germany for the representation of the component states. It consists of sixty three members.

TWENTY-NINE MAIL CLERKS TAKE EXAM.

Twenty-nine men took the railway mail clerk civil service examination at the Odd Fellows Hall on East State street yesterday morning. All but eight of these men were from out of town.

These examinations are given two or three times a year. The names of those taking the examination cannot be published until the results of the examination are known.

SUIT FOR DIVORCE

A suit for divorce was filed Saturday in the office of Circuit Court Wamamaker by W. L. Edwards, who is seeking divorce from his wife, Rose Edwards. The bill as filed by William N. Hargrove states that the marriage occurred in April, 1911, and that Mrs. Edwards deserted her husband in June of 1915.

THOUGHT MESSAGE SENT BY DEVALERA WILL GET RESULTS

DeValera Passes Over Question of Recognition as An Independent State—Strong Demand from Irish Newspapers for Resumption of Negotiations—Text of Message

(By The Associated Press)
LONDON, Sept. 17.—A conference between the British cabinet and representatives of the Sinn Finn now seems assured. Eamonn DeValera, the Irish Republican leader, dispatched a telegram to Mr. Lloyd George late tonight which apparently cannot fail to achieve this result. His message was in reply to one from the prime minister which declared firmly the inability of the British government to meet the Sinn Finn plenipotentiaries on the basis that they were representatives of an independent nation, and pointing out the consequences of such recognition.

There were hurried consultations among the Sinn Finn leaders at Dublin from which emerged this latest, apparently conclusive message declaring the earnest wish to meet the British government's spokesmen.

Mr. DeValera passed over the question of recognition as an independent state and made reference to "self-recognition," which is considered so far outside the terms of international definitions that it is hardly expected to raise an obstacle to the conference.

Strong Demand for Meeting.
There has been a strong demand for a meeting between the British and Irish representatives by the Irish newspapers, which heretofore have kept silence on negotiations, and it is believed that they represent Irish public opinion tending to a resumption of the negotiations.

In the London newspaper offices tonight a conference is considered certain.

Early in the day Premier Lloyd George sent a telegram to Mr. DeValera, which followed with unexpected quickness on the heels of the Sinn Finn response to his cancellation of the Inverness arrangements.

This telegram was forwarded to the Republican at Black Rock immediately and, without delay he dispatched his reply, announcing that "we have already accepted your invitation in the exact words which you re-quote from your letter of the seventh."

Reports tonight from Gairloch, indicated that Mr. Lloyd George continues to improve from his indisposition. He was able to be out on the porch of his residence and it is thought that he will be able to return to London by Tuesday, if necessary. An early meeting of the cabinet is regarded as likely.

Text of DeValera Reply.
Dublin, Sept. 17.—Eamonn DeValera replying to Lloyd George, says that the Sinn Finn already has accepted the premier's invitation in his own exact terms.

The text of Mr. DeValera's reply follows:
"In reply to your last telegram just received I have only to say that we have already accepted your invitation in the exact words which you re-quote from your letter of the seventh instant. We have not asked you to abandon any principle, even formally but surely you must understand that we can only recognize ourselves for what we are."

"If this self-recognition be made a reason for cancellation of the conference we regret it, but it seems inevitable."

"I have already had conferences with you and in these conferences and in my written communications have never ceased to recognize myself for what I was and am. If this involves recognition on your part then you have already recognized us."

"Had it been our desire to add to the solid substance of Ireland the right of the viceroy of the technicalities of international usage, which you now introduce we might have claimed already the advantage of consequences which you fear would flow from the recognition of our delegates."

"Now believe me one object—the setting of the conference on such a basis of truth and reality as would make it possible to secure thru it the result which the peoples of these two islands so ardently desire."

"I am, Sir, faithfully yours,
"EAMONN DEVALERA."

RAILROADS MUST HAVE JUST CAUSE TO DISCHARGE MEN

Union Affiliations is
Not Sufficient
Reason

(By The Associated Press)
CHICAGO, Sept. 17.—The United States railroad labor board today established a precedent that railroads do not have the right to discharge employees without just cause in a decision ruling that the Butler County railroad, a 41 mile line in Southern Missouri must reinstate two men released because they belonged to the same union as the men working under them.

The decision said that the board was fully aware its ruling was contrary to numerous United States supreme court decisions on the matter, but that it construed its duty to be to decide every question justly and reasonably regardless of the legal rights of either side.

The railroad which runs from Poplar Bluff, Mo., to Tipperary, Mo., discharged Jesse H. Hicks and Frank Mosley, two subordinate officials, when they joined the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, the organization to which the men working under them belonged.

The decision held that while a railroad could pick its officials as it saw fit, joining a union was not just cause for discharge.

MEDICAL MEN PLAN CLINICAL SOCIETY

At a meeting of representatives from the private and public medical institutions of Jacksonville held Saturday noon at the Peacock Inn, plans were made for the organization of a clinical society in this city. The representatives met for noonday luncheon and after discussing the matter took the first step toward organizing a clinical society.

The committee in charge of the preliminary work includes Dr. E. L. Hill, Dr. George Baxter, Dr. Garm Norbury, Dr. T. O. Hardesty and Dr. Carl E. Black.

One wonders whether Mrs. Arbuckle is really interested in helping "Patty" or possible has had in mind the splendid notoriety that Ralph Oberchain secured when he rushed from Chicago to Los Angeles to aid the wife who had haunted him.

In Germany the present passenger rate for steam railroads is about one cent per mile but the statistics are not at hand to show how much the roads are earning. However, it is apparent that American railroads are prospering since the high rates became effective. In 1920 the average revenue per ton mile was .971 and the figures for 1921 are 1.278.

The Republicans of Morgan county have nominated Frank L. Mawson as candidate for member of the county board. This action was expected and was entirely logical. Mr. Mawson is now serving as a member of the board.

and since he entered upon his duties last December has continually shown a genuine interest in the affairs of the county.

Mr. Mawson devotes his time and thought unsparringly to the work and there is no difficulty in proving that he is a conscientious, capable public servant.

The best interest of the county will be subserved by his election in November.

There is real value to the community in a life like that of the late A. P. Vasconcellos. For more than fifty years Mr. Vasconcellos was a merchant in this community, and during that long period he had the confidence and good opinion of those who knew him best. He was exceptionally earnest and devoted to the interests of the church to which he belonged, and that same spirit marked his every day life. The men who are as kindly in spirit and as faithful in all the varied duties that come thru the years are few indeed. There was nothing nobly about Mr. Vasconcellos' virtues and the recognition of his real worth came only to those who knew him well. He was a good citizen.

COMMENT THE SMOOT PLAN.

The Smoot plan for tax revision is receiving a great deal of favorable comment from both Republican and Democratic papers.

The New York Herald said recently: "Senator Smoot's plan provides in the sales tax a stable source of revenue with minimum fluctuations under all degrees of business prosperity or depression. The manufacturers' sale tax can be checked up by simply referring to their sales. Furthermore, if the Smoot plan is adopted, there will be no need for a sweeping

tax revision next year. With minor alterations as needed from time to time the plan would serve for several years to provide necessary revenue for the government with a minimum of disturbance to the nation's industries." The New York Herald warmly compliments Senator Smoot on the clarity, the simplicity and the practicality of his plan for raising revenue. "It is wise," it comes from a statesmanship of a high order."

BRINGS ACTION TO COLLECT PENSION (From State Journal.)

Judge E. S. Smith of the circuit court was asked to issue an order forcing Andrew Russell, state auditor, to issue warrants for \$2,500 to former Judge Owen P. Thompson of Jacksonville, yesterday.

Judge Thompson filed a plea for mandamus in the circuit clerk's office yesterday afternoon. The petition is filed under the state law which provides a pension of one half of the annual salary of judges at the time of their retirement be paid judges who serve twenty-four years.

Judge Thompson served as county judge of Morgan county and circuit judge for more than that length of time, retiring in 1914 when 65 years old. He claims that Mr. Russell has refused to issue the warrants.

Judge Thompson began his service on the Morgan county bench in 1886 and retired in 1914 with an annual salary of \$9,375.

LAST RITES FOR A. P. VASCONCELLOS

Were Held at the Residence Saturday Afternoon—Large Number of Friends Were Present.

Funeral services for the late Antonio P. Vasconcellos were held from the family residence, 324 East College street, at 2:30 o'clock Saturday afternoon, in charge of Dr. Walter E. Spoonst, pastor of Northminster church. The funeral was largely attended, many being present from Springfield and Chicago.

Dr. Spoonst spoke of the ideal Christian life of Mr. Vasconcellos and told of his many sterling qualities, as he had come to know them in connection with the work of the church. His words carried comfort to the members of the bereaved family and his many friends.

Music was furnished by Mrs. J. A. Scott and Mrs. J. M. DeFrates, with Mrs. George W. Ferreira as accompanist. There were many beautiful floral offerings and these were cared for by Miss Leonora Mendonsa, Miss Elizabeth Mendonsa, Mrs. Marian DeSilva and Mrs. Vincent Vicra.

Burial was in Diamond Grove cemetery, the bearers being J. A. Scott, A. F. Sardinah, Albert Souza, Edward Smith, E. M. Vasconcellos and John J. Smith.

Among those present at the services from out of the city were: Dr. J. A. DeFreitas, F. A. DeFreitas, Mr. and Mrs. J. E. Vasconcellos, Mr. and Mrs. John Vasconcellos, J. C. testament faith. A male quartet sang "Lead Kindly Light."

Place Bonquets on Caskets.

Then Secretary Denby stepped forward. Behind him were three American seamen bearing bouquets sent from President Harding and his cabinet. Reverently he placed one on each coffin. Sir Hugh Trenchard and the commander of the Dauntless then laid wreaths from the British embassy, British air ministry and the crew of the Britisher cruiser which served as the funeral ship. On the casket of Commander Louis H. Maxfield, who was to have had charge of the ZR-2 on her trans-Atlantic flight was a representation of the airship in English violents with a card inscribed:

"A remembrance from your shipmates, whom you left behind."

Then Captain M. C. Cleason, Catholic chaplain conducted the second service. Opposite him, holding lighted candles, were three blue jackets—youths scarcely eighteen.

"Nearer My God to Thee"—and then three volleys. Sharp and crisp they rang out. A bugler sounded taps. The service was over.

When the yard had been emptied of visitors fifteen hearses drew up in front of the mess hall and the caskets were borne away to the naval hospital. Four bodies will be interred in Arlington; one—that of Lieutenant Emory Coll—will be buried at sea and the others will be turned over to the nearest of kin.

MR. BATZ RESIGNS FROM TUBERCULOSIS BOARD

The board of county commissioners yesterday received the resignation of William Batz as a member of the Morgan county Tuberculosis board. Mr. Batz's resignation read: "I ask that you kindly accept my resignation as a member of the board of trustees of the Morgan county tuberculosis sanatorium, the same to take effect just as soon as you appoint a successor."

The board members expressed appreciation of the interest Mr. Batz has shown in the work of the sanatorium. It is understood that the resignation will become effective some time during the coming week.

Mr. and Mrs. J. H. Danskin and son Kenneth are again at their home on West College avenue. For the past six weeks they have been living at the cottage at Nichols park which was leased from the park board for that period. The family found this a very enjoyable summer outing.

CONFERENCE OF RETAIL MERCHANTS

Retailers Will Confer Monday Morning About Plans for Boosting Trade.

A general meeting of all retail merchants has been called for Monday morning at 9:30 o'clock in the Chamber of Commerce rooms, for the purpose of devising some plans for increasing the standing of Jacksonville as a trading center.

The Trade Extension committee members are working out some plans on a co-operative basis that they desire to place before the business men in general, whether they are members of the chamber or not.

This committee recently authorized by the directors have been giving much thought to things that should be done to better advertise Jacksonville to the surrounding country as a first class business town and have hit upon several novel ideas.

All merchants are urged by the committee to be in attendance at this meeting without fail.

COMMITTEE FAILS TO REACH DECISION

(Continued from Page 1)
renously paid and refunded to the taxpayers.

Aside from these changes in the 1918 revenue act, the committee agreed to half a hundred others, many of which were incorporated in the house bill. An official statement issued at Chairman Penrose's office described the more important alterations which were given in detail in Associated Press dispatches last night.

The committee statement showed that it had been agreed to accept the house proposition regarding the policy taxes on life insurance and the premium taxes of other insurance companies on next January 1, and to impose a fifteen per cent tax upon the investment income of life insurance companies from last June 1. The present policy of income taxation in the case of insurance other than life would be continued.

In considering administrative sections of the house bill the committee:

Compute on Retail Business.

Restored the provision of the present law permitting manufacturers subject to taxes under section 900 and doing both a wholesale and retail business to compute the tax upon retail sales upon the basis of their wholesale selling prices. Adopted the house provision permitting the deduction of a net loss resulting after December 31, 1920, in any taxable year from the net income of the taxpayer for the succeeding taxable year and if the net loss is in excess of the net income for such succeeding taxable year, the amount of the next succeeding taxable year.

Excepted the house proposal allowing the deduction in computing net income of an individual of amounts expended for meals and lodging by traveling men and other persons while away from home in pursuit of business, and limited the deduction to individuals for gifts to charitable and educational institutions. In computing the net income and struck out a house provision granting a similar deduction to partnerships and corporations.

S. J. TOMPKINS TAKES IMPORTANT POST

Will Serve as Chief Deputy in Office of Internal Revenue Collector for This District

Samuel J. Tompkins has been appointed chief deputy in the office of George W. Schwarzer, collector of revenue and will enter upon his duties tomorrow. Mr. Tompkins will not remove his family to Springfield for at least a year but will spend each week end at his home here.

Mr. Tompkins has been identified with the revenue department internal revenue service for a long period as he began service in the spirits department in January, 1899, and served continuously in the Pekin office until August, 1918. At that time Mr. Tompkins was transferred to Jacksonville and became a deputy collector. So for the past three years he has been in charge of income tax and other general revenue matters in Morgan, Greene and Scott counties.

Mr. Tompkins has served under five collectors, Richard Yates, Isaac R. Mills, Frank L. Smith and J. L. Pickering, and now becomes the chief deputy for Mr. Schwarzer, the present collector. The appointment was given the Jacksonville man in recognition of his competent work throughout a long period of his time and further because of fine personal qualifications. There are about a dozen departments in the Springfield office with more than 100 employees. The chief deputy has supervision of the work of the office and serves and acts for the collector at any time the latter is absent from the district.

Buy An Extra Pair of TROUSERS

WITH YOUR NEXT SUIT

—Buying an extra pair of trousers when ordering a suit is the biggest economy that a man can practice today.

—It is true that prices are considerably lower than last year, and also true that they are as low as they possibly can be this year. But a big saving can be effected by the economically minded.

—You buy a business suit, no matter how choice the material or how well tailored, and invariably the trousers are gone before the coat begins to show any real signs of wear, and you won't wear the coat with any old trousers, so discarded it goes—money lost.

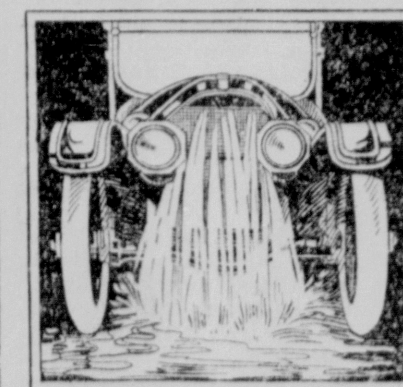

—The extra trousers when you are ordering a suit cost but little more and really double the life of your suit, actually postponing the purchase of a new outfit.

—Our new weaves are in for fall suits and overcoats, ready for your inspection.

—Prices are very low.

WILL LAY FIRST CEMENT NEXT WEEK

The first cement will be laid on the new hard road going east from Jacksonville about the middle of next week. A grading outfit including fifteen men and six teams is working on the road and the grading has now reached a point one mile west of Arnold.

This project is one of great magnitude and the following list of materials gives some idea of the extensive work going on: Forty thousand barrels of cement, twelve thousand cubic yards of sand, twenty-one thousand cubic yards of crushed rock, and twenty thousand pounds of steel to the mile.

Dr. S. J. Carter returned from Harrisonville, Mo., yesterday with his family. He drove over Friday to get his family who have been there for a visit with relatives.

A MINSTREL STREET PARADE

Rusco & Hockwald's Famous Georgia Minstrels, will make a very attractive street parade introducing several novelties. The wardrobe is elaborate, and the music is the sort that starts the blood coursing quickly thru your veins, and your feet start keeping time unconsciously and you feel exhilarated and finally will make up your mind to go and buy your tickets so as to get the choice seats, and you will be on hand early when the doors open to hear the free band concert in front of the theater. We all know how it feels to hear the minstrel band and hear those trombones slur that "jazzy" music.

The company will be at the Grand Theater Friday evening, Sept. 23.

Charles Ogle was a caller from northwest of the city yesterday.

WINCHESTER WOMAN'S CLUB BEGINS WORK

Music Department Enjoyed Program at Miss Frost's Home—News Notes from Scott County

Winchester, Ill., Sept. 17.—Mrs. C. H. Lewis arrived Saturday morning from Idaho Falls to visit her mother, Mrs. Dickert.

The Scottville High played the Winchester Community Saturday afternoon on the new grounds. The score was 20 to 6 in favor of Scottville. There was a large and enthusiastic crowd present.

H. Barnes of Manchester was a business visitor in Winchester Saturday.

The first meeting of the music department of the Woman's Club was held Friday afternoon at the home of Miss Louise Frost. After the business session Miss Riggs gave a talk on the music in the public schools which was heard with interest. Miss Elmore, who is visiting her parents here, gave several piano numbers. The club spent a short time in rehearsing music for the Thanksgiving concert. Miss Frost served refreshments which were greatly enjoyed. There will be a general assembly of the Woman's Club Monday afternoon at the home of Mrs. W. D. Gibbs.

Dan Smith left Saturday for Champaign where he is attending the University of Illinois.

D. McLaughlin of Corro Gordo is visiting his brothers William and John McLaughlin.

The funeral of George Anders, Jr., will be held at the Bloomfield church Sunday morning at ten o'clock. Elder Homer Evans officiating.

WITH THE SICK

Charles Carson is ill at his home on Lorton street suffering from an attack of typhoid fever. Mrs. Ollie Moore is a patient at Our Saviour's hospital, following an operation.

EX-SERVICE MEN

GUESTS AT GRAND

Thru the courtesy of Mr. Thomas H. Headen, manager of the Grand Theater Amusement Co., forty-six ex-service men who are U. S. Veterans' Training Bureau Center at the Jacksonville State hospital, were entertained at the Grand yesterday afternoon.

Mr. Headen's kindness in presenting the hospital staff with a pass for the ex-service men who are patients in the Jacksonville State hospital, is another evidence of the interest the people of Jacksonville have in the welfare of the men who served their country in the time of need and demonstrates the fact that they are not forgotten.

On several other occasions the ex-service men have been entertained by the citizens of Jacksonville and shows that they are fortunate in being stationed in this community.

PRESBYTERIANS HELD S. S. PICNIC

Unity Church of Woodson Held Event in Hembrough Timber—Program of Athletic Events Carried Out—Woodson News Notes.

Woodson, Sept. 17.—The Sunday school picnic of Unity Presbyterian church held Saturday in M. E. Hembrough's timber was a splendid success, and a day which will be long remembered by all present. The weather man was good to us and everyone there had a delightful time. The children enjoyed the hayrack immensely. The men of the church donated five gallons of ice cream for free distribution, and the merchants of Jacksonville, Woodson and Midway certainly came in for a good share of the praise for the picnic's success because they so liberally donated some lovely prizes for the winners in the games and contests. We also enjoyed a fine basket supper. Below is a list of the prizes, winners and donors:

ALBERT ALLEN WILL BE BURIED MONDAY

Former Resident of White Hall Died at Palmyra—Burial Will be at Old Home Town.

White Hall, Sept. 17.—The death of Albert Allen at Palmyra on Friday removes a member of an old White Hall family, he being born on a farm one mile southwest of White Hall sixty-seven years ago. He attended the Gregory school under W. C. Chapin, still residing at White Hall, and later spent some years as a dry goods clerk for the late Asbury Davis and then the Vassellers in the stand now occupied by Warner-Randolph Co.

Mr. Allen went to Palmyra in 1882, and has resided there since, but has always kept in touch with White Hall affairs. His wife was formerly Miss Hattie Stubblefield. She died in 1896, leaving one child, now Mrs. Clarence Grinnett of Palmyra, with whom Mr. Allen was making his home at the time of his death. Mr. Allen has been engaged in business all the years of his residence in Palmyra, and he is one of the great characters of his time, a staunch religious worker. He was identified with the Methodist church in his earlier life, and was an admirer of the Crane boys, Charles and Frank, when they were struggling young ministers. Since going to Palmyra he became identified with the Presbyterian church. Funeral services will be held at Palmyra, and the remains will be brought to White Hall Monday for interment in the White Hall cemetery by the side of his wife.

MATRIMONY

Edwards-Edwards.

R. M. Edwards of Wickliffe, Ky., and Miss Pearl L. Edwards of McLeansboro, Ill., were united in marriage at the court house at 4:30 o'clock Saturday afternoon by Justice A. B. Opperman. The ceremony was witnessed by County Clerk George L. Riggs and Miss Helen Pearson. Both contracting parties are employed at Jacksonville State hospital.

SOON TO LEAVE

FOR CALIFORNIA

Mr. and Mrs. W. F. Widmayer are now at the Dunlap and their daughters, Misses Hazel and Ida, are guests of Miss Helen Bennett, at the Cherry apartments. Mrs. Widmayer and daughters will leave early in the week for Chicago, and Monday, Sept. 26, will start for their new home in Los Angeles. Mr. Widmayer expects to dispose of his business here and to join his family later. It is a matter of regret on the part of the many friends of Mr. and Mrs. Widmayer and daughters that Jacksonville is not to continue to be their place of residence.

Andrew Johnson journeyed from Alexander to the city yesterday.

RECOGNIZED PICTURE OF AGED AUNT

It developed yesterday that Mrs. Ernestine Erbstozer of Sheboygan, Wis., whose picture appeared in the Courier Friday evening is an aunt of William Batz of this city. Mrs. Erbstozer, who is now 91 years of age attributes her long life and good health to the fact that she never drinks water.

Mr. Batz was quite surprised to see the picture of the old lady whom he visited about a year ago. He called at her home one morning about nine o'clock and found that she was away doing the marketing. A fine garden was growing in the rear of the house and Mrs. Erbstozer told him later that she kept the garden in condition herself, working in the early morning hours.

Although so far advanced in years Mrs. Erbstozer who is a devout member of the Evangelical church, is able to attend church services each Sunday.

Registration days tomorrow and Tuesday.

NEWS OF THE SPORT WORLD

JOHNNY KILBANE KEEPS FEATHERWEIGHT TITLE

The Cleveland Veteran, 32 Years Old, Defended His Title for the First Time in Five Years by Handing Danny Frisch Knockout in Seventh Round of Twelve Round Bout

CLEVELAND, O., Sept. 17.—Johnny Kilbane is gray-haired, 32 years old and has a look of age around his eyes, but he still is the featherweight champion of the world.

The Cleveland veteran of the ring, defending his championship for the first time in five years, knocked out Danny Frisch, of Baltimore, a challenger ten years his junior, in the seventh round of a scheduled twelve round championship contest here this afternoon. The match was fought in the Cleveland American League baseball park before a crowd of 22,000, which paid approximately \$100,000 to see Kilbane, who has been title holder for nine years, knocked into the pugilistic scrap heap.

The fight developed into one

of the roughest and most exciting contests ever staged in the featherweight division. It came near being ended in the first round, when Kilbane deliberately hit Frisch in the groin with his knee in retaliation for a punch that Frisch had landed low.

Kilbane, his face reddened with left jabs, protested to the referee, Walter C. Kelly, who paid no attention to him.

As he fell into a clinch, Kilbane brought his knee up sharply and Frisch fell to the canvas apparently in pain. Referee Kelly allowed him to lay there. Kelly announced:

"I am not going to let this fight end in a fluke. You came to see a fight and you're going to see one."

Kelly then ordered Frisch's handlers to carry him to his corner and after a minute's rest, the second round started as if nothing had happened. Frisch carried the fight to the gray-haired Kilbane, and staggered him with a left hook to the chin. It was the only time that Kilbane was in danger during the fight.

After boxing cautiously for the first two rounds, Kilbane opened up with a desperate attack that brought roar of cheers when the bell sounded. Neither apparently heard the bell and they continued to fight until the referee stopped them.

In the sixth round Frisch was floored for a count of nine with a right and left to the jaw. When the challenger struggled to his feet, Kilbane rushed at him and was again guilty of fighting after the gong.

Frish was knocked down three times in the seventh round. He had opened a cut over Kilbane's eye which caused a stream of blood to smear his face. This appeared to anger the champion who caught Frish with a terrific right to the chin. The dazed Frish fell in a heap but managed to struggle to his feet at the count of nine. With victory within his grasp, Kilbane piled into Frish with a series of right and left hooks that dropped him in a neutral corner for the second time. Frish tottered to his feet at the count of nine and swayed in the ropes.

Kilbane tore into his dazed opponent and swayed into the ropes, his arms hanging limply at his side. The champion showered him with rights and lefts and Frish slid off the ropes, falling to the floor of the ring, completely knocked out. Referee Kelly started to count but did not finish, waving Kilbane to his corner as a sign of victory.

Thousands of ringers swarmed into the ring, congratulating Kilbane.

The fans fought the police, who were obliged to use their clubs to clear the ring. Press tables were torn down by the frenzied crowd in their wild scramble to greet Kilbane. The match was fought in a drizzle. Dark clouds began to gather before the preliminaries were finished and these were cut short so the main bout could be staged before the rain. Big drops or rain began to splash into the ring before the first round.

Kilbane received \$63,000 as his share of the purse. He was guaranteed \$60,000, win, lose or draw, and was given an additional \$3,000 as a bonus for signing. Frish got \$2,500, merely enough to cover his training expenses. Kilbane did not weigh in for the fight but his handlers said he was about 125 pounds. Frish was obliged to make 126 pounds half an hour before ringside.

NEW YORK GIANTS INCREASE THEIR LEAD

Defeated Pittsburgh 6 to 1—Overflow Crowd Witnessed the Game and It Was the First Time This Year It Was Necessary to Accommodate the Fans.

PITTSBURGH, Sept. 17.—The New York Giants increased their lead in the National League pennant race by winning from Pittsburgh here today 6 to 1. An overflow crowd witnessed the game, and, for the first time this season, it was necessary to establish ground rules in order that hundreds of the fans might stand behind ropes in left field. Pittsburgh's lone run came in the fourth inning when Whitted sent the ball over the left field wall.

"Ty" Cobb is Slowly Overhauling Heilman

CHICAGO, Sept. 17.—Ty Cobb, was the only member of the quartette which last week went into the stretch fighting for the batting honors of the American League, who made a gain during the week. The Georgia peach added four points to his average, giving him a mark of .394 for the runnerup honors. Harry Heilman, Detroit's slugging outfielder, struck a slump in hitting and dropped to .398, just four points in front of his boss. Babe Ruth, of Yankees, the third member of the slugging quartette travelled along on about a 50-50 basis, dropping one point. He is faltered with .382. George Sisler, of St. Louis who a week ago was crowding on the heels of the leaders, did not do so well with the willow and has dropped to .374, a loss of seven points.

According to the averages released today, which include games of Wednesday, Ruth, failed to break his home run record of 54 circuit drives established in 1920, and equalled again last week. However, the big southpaw has increased his lead as a rungetter having registered 162 times, his total base mark being 414 bases, the result of 186 hits. Besides the circuit drives Ruth has batted out 40 doubles and 13 triples.

The averages are for players who have participated in 80 or more games are as follows for some other leading batters: Speaker, Cleveland .366; Tobin, St. Louis .365; Jacobson, St. Louis .346; E. Collins, Chicago .343; Strunk, Chicago .342; Veach, Detroit .341; Williams, St. Louis .338.

Jack Fournier, first baseman of the St. Louis Cardinals enjoyed a good week with the bat in the National league, and has climbed up behind his teammate, Rogers Hornsby for the batting honors of the senior major circuit. The big Frenchman is hitting .352, while Hornsby dropped five points, but continued to top the batters who have participated in 80 or more games with a mark of .401, according to the averages released today and which include games of last Wednesday.

Hornsby increased his lead as a run getter, having scored 122 runs for his club. With his 220 hits he also brought his record for total bases to 350. His hits include 38 doubles, 16 triples and 20 home runs.

As a home run hitter, the St. Louis star is giving great promise of overtaking George Kelly, of the Giants, who is out in front with 22 circuit crashes. Kelly failed to run his stolen base record above the 47 reached a week ago.

Other leading batters for 80 or more games: Cutshaw, Pittsburgh, .350; Roush, Cincinnati .348; McHenry, St. Louis .345; Cruise, Boston, .341; Meusel, New York .335; E. Smith, New York .333; Frisch, New York .332; Mann, St. Louis .331.

Jim Thorpe whose athletic prowess in the Olympic games at Stockholm in 1912, startled the universe has made wonderful stride among the batters of the American Association players who have participated in 80 games or more. The big Indian who is a member of the Toledo club has climbed to fifth place with an average of .363.

Jay Kirke, the Louisville slugger, although suffering a slight falling off in his batting, continued to top the batters with an average of .351, while Rob Russell the Minneapolis slugging outfielder has passed Art Butler of Kansas City for the honors as runned up to Kirke. Russell is slugging .375. Butler's mark is .369.

Bunny Brief of Kansas City, who smashed out five circuit drives in the past week, and brought this season's record for circuit wallpops to 40, is in fourth place among the batters with a mark of .364.

Brief has increased his lead as a run getter. He registered 152 times, and with his 197 hits has brought his total base mark to 381. Besides his home runs, his hits include 44 doubles and 10 triples.

Bair of Indianapolis, by stealing two bases during the past week is showing the way to the base stealers with 43 thefts.

Other leading batters: Good, Kansas City, .369; Acosta, Louisville .354; Fisher, Minneapolis .352; Gainer Milwaukee .344; Lear, Milwaukee .338.

Jack Leivell of Omaha, leading batter of the Western League is well on the way to break the world's record for the most hits in a season, which was established by George Sisler of the St. Louis Americans last season when he made 257. The Omaha slugger, was out of regular lineup for a few days, but acted as a pinch hitter and cracked out his 252nd blow, which has brought his record for total bases to 374. Listed among his hits are 65 doubles, 9 triples and 12 homers. He also increased his lead as a run getter by scoring three times during the past week. He now has scored 137 times. He is topping the batters with an average of .421, while Harper of Oklahoma City, the runner up has .391, and East of Wichita is next with .380, according to averages released today and which include the games of last Tuesday. The averages are

WORTH WHILE GIRLS OF MANCHESTER MEET

Regular Meeting of Baptist Girls Held at Home of Mrs. Hazel Murphy Friday Evening—Other Manchester News.

Manchester, Sept. 17.—The Worth While Girls of the Baptist Sunday school held a regular meeting at the home of Mrs. Hazel Murphy Friday evening. There was a large attendance and the meeting was one of the most interesting ones held in recent days. After a business session a social hour was enjoyed and the hosts served refreshments.

Mrs. Ethel Rousey was a Jacksonville shopper Friday. The Eastern Star conferred degrees upon four candidates Friday evening. Mr. and Mrs. Frank Copley and Mr. and Mrs. John Copley. After the work refreshments of ice cream and wafers were served.

Mrs. John Blakeman was a visitor in Woodson Wednesday. Albert Copley went to Jacksonville Thursday to take up his work at the State hospital. He expects to move his family there in the next few weeks.

Mr. and Mrs. T. N. Whitlock and Mr. and Mrs. Charles Leitzke drove to Woodson recently and attended the revival meetings. A son was born Saturday to Mr. and Mrs. Claude Boston. Mr. and Mrs. George Cooner spent Friday in Jacksonville.

A WORTHY VETERAN

One of the honored residents of Murrayville is the venerable John Boruff almost eighty years old yet well preserved bodily only suggesting from impaired eyesight and a slight deafness. Mr. Boruff was born March 8, 1842, about three and a half miles north of Jacksonville and was the son of Dan and Catherine McDonald Boruff. His mother was a sister of John McDonald, now about 93 years old.

When a boy the family moved to Murrayville precinct which has since been his home and for a good many years he has lived in the town. In Sept. 1862, he enlisted in Co. F, 101st regiment, Capt. George W. Fanning who resigned before the war was over, and gave the place to James Wyatt.

Mr. Boruff was in the various engagements in which the famous 101st participated and proudly remarks he marched on foot all the way to the sea. Tho he was always on hand he was not wounded nor obliged to go to the hospital on account of illness during the three years of his service.

He was married Dec. 12, 1866 and his wife is yet living. He has a son, Carl, in Canada, Alva, of this city, and a daughter, Mrs. Charles Vaughn, also of this city, and he has three grandchildren.

He is one of the veterans of the Civil War and their ranks are fast thinning and before many years the last one will go.

MAWSON, CANDIDATE COUNTY BOARD MEMBER

Named at Harmonious Convention Held at Court House Saturday Noon.

The Morgan county Republican convention was held at the court house at 12:30 o'clock Saturday. As a result of this very harmonious gathering Frank L. Mawson was nominated as the party candidate for member of the county board. The convention was called to order by C. F. Wemple, with F. L. Gregory as secretary. Mr. Wemple was elected temporary chairman, Mr. Gregory temporary secretary, and then the temporary organization was made permanent.

Nominations were called for and in a fitting way Judge Samuel placed F. L. Mawson in nomination. The nomination was secured by John L. Reeve and M. L. Hildreth. Then Lee Stice nominated G. W. Patterson. The roll was called by precincts and the vote was Mawson, 126; Patterson, 17; not voting, 13. Before the result was announced J. Marshall Miller stated that he had just communicated with Mr. Patterson and decided to make a motion that the nomination of Mr. Mawson be made unanimous. This action was taken promptly. When the roll was called C. J. Wright said that as a compliment to Mr. Patterson all of the votes in his home district would be cast for him.

On motion of John J. Reeve the county central committee was authorized to fill a vacancy in the district if one should occur. Judge Samuel in placing Mr. Mawson in nomination said he had no quarrel with the primary law system but that in his opinion a delegate convention could quite well express the will of the people. He said that because of the law now on the statute books that this convention was probably the last one that will be held by the party in Morgan county for a long time to come. The delegates, he said, faced an obligation to both the party and the people.

Judge Samuel then referred to Mr. Mawson's work as a member of the board of commissioners. He said that Mr. Mawson with his associates, Mr. Wheeler and Mr. Osborne, had found the county in a hard financial way and had shown more than usual zeal and ability in handling of the county's business.

The speaker said that the county is really a big corporation in which all citizens have stock, and that the commissioners are members of the board of directors. On them devolves large responsibility and since Mr. Mawson has shown his willingness and ability to serve the people certainly he should be returned to the board for the coming term.

The convention adjourned on motion of W. L. Alexander.

AN INTERESTING VISITOR

Mrs. Byron Armstrong is enjoying a visit from her father, Fred Parent, of Houston, Texas. If the old gentleman would put his bronze button out of sight he could easily pass for sixty tho the fact is he is 82 years old. He is Canadian-French by birth, and talks that language fluently. He was born near Quebec and remained there till manhood when he removed to this state settling in Greenville.

June 11, 1861, he enlisted in Co. E, 22nd Ill. infantry and served three years seeing plenty of hardships and dangers. Among his commanders were Generals Oglesby and Palmer. He was in the battle of Belmont and many others. In December, 1862, he was with two others guarding a corner near Nashville, Tenn., when he was captured by a command of Texas Rangers and taken to Libby prison where he fared poorly enough along with the rest. He used to sweep the street in front of the prison and his daily ration was a small piece of bread hardly sufficient to sustain life.

After 42 days he was paroled and sent to Annapolis for a month and then to the barracks at St. Louis for three months and there was exchanged. He served in the artillery six months and then went to his command at Chattanooga and was mustered out at Springfield, June 11, 1864.

His wife died 28 years ago and he lives with his son in Houston, Texas, the son being an official of the Armour Packing Company. He has one son in Oregon and one daughter, the one he is visiting. He is an interesting character whom it is a pleasure to meet.

POACHERS, BEWARE

During the past few weeks poachers have been doing business at the two park lakes south of the city. It seems strange that any one could be so lost to all sense of decency as to shoot waterfowl under such circumstances but there seems to be persons of that kind.

Now to all such a friendly warning. The state game warden has been duly notified and has no official here looking over the lakes and parks and measures will be taken to protect all the fowls of every kind on a contiguous to the lakes and trespassers will have good reason to regret their action if apprehended.

Mrs. J. G. Reynolds and daughter will leave Monday for Nashville, Tenn., where Miss Ruth will enter the senior class at the college.

NEVER DREAMED OF SUCH A FIND

Chicago Man Can Hold His Own With Huskiest Man in the Mine Since Taking Tanlac.

"At the time I began taking Tanlac I didn't dream that it could help me like it did, but it actually increased my weight fifteen pounds and got me to where I could hold my own with the youngest, heartiest and huskiest man in the mines," said S. N. Brown, 4747 Magnolia Ave., Chicago, Ill.

"I was working in the mines in Colorado when I got to having sharp rheumatic pains all through my body and became so weak and run down I was constantly having to give up work underground and rest up. I lost a great deal of weight, and became very much worried about my health."

"Tanlac seemed to go right to the spot, and I soon regained my health and strength, drove the rheumatic pains right out of my system, rid me of indigestion, nervousness and headaches and got me to feeling just like I wanted to feel. In fact Tanlac just seemed to make me over into an entirely new man."

Tanlac is sold by leading druggists everywhere. Adv.

FAMOUS WAR PICTURES MONDAY AND TUESDAY

In one of the smaller advertisements appearing in the Journal announcing the showing of the U. S. official War pictures, under the auspices of the Veterans of Foreign Wars, it was stated the pictures would be shown Tuesday and Wednesday. This was an error, the pictures will be shown Monday and Tuesday, three shows daily, at 2, 7 and 9 o'clock, at the Grand theater.

As has been stated this is a picture that will appeal strongly to all classes owing to the nature of its subject. There are nine reels, requiring two hours to show. It is a genuine motion picture, the scenes depicted having been taken by Uncle Sam's official photographers during the World War. It abounds in thrills and pathos, there being many such scenes as the shelling of Toney, Belleau Wood, gas attacks, battles with tanks and artillery and between aircraft.

It is the only picture of its kind in the world and will not be again shown in Jacksonville.

INSPECTION MADE OF M. V. HIGHWAY

Secretary Reintges Reports Good Conditions Along Route—Tells About Plans for Sociability Run.

W. E. Sullivan, president of the Morgan County Good Roads association has received a statement from Secretary Reintges of the Mississippi Valley Highway association about the condition of the Highway and the "Sociability Run" to the annual convention next month at Meridian, Miss.

The statement appeared recently in the Granite City News.

J. C. Reintges, who is now secretary and general manager of the Mississippi Valley Highway association and A. E. Nissen, of Iowa City, Iowa, who was the official organizer of same last year, returned from a four day tour over this highway from Alton to St. Louis and Cairo.

Mr. Nissen is now employed by the Good Roads Service Company of Chicago, which firm have the contract to place their metal service markers at all cross roads, turns, dangerous places, and railroad crossings along the M. V. H., and his purpose of making this trip was to select locations for these service markers.

Mr. Reintges is enthusiastic about this great highway and reports that wonderful activity is being manifested in real road construction along the highway in Southern Illinois. It is now paved from Alton to St. Louis and Belleville, and nicely graded and oiled to Freeburg, New Athens and Marris. A wonderful improvement was made between Freeburg and New Athens by opening up an entirely new road and building a long and attractive concrete bridge near New Athens.

The well known but dreaded "Makanda Hills," between Carbondale and Cobden, will soon be in first class condition for travel as the contractors have been working on them all summer. From Carbondale south nine miles is now a perfect graded road, and the long Makanda Hills have been graded in fine shape and will be in first class condition by October 1st.

The state road from Anna to Cairo is also nearly all graded and Mr. Reintges is of the opinion that the Mississippi Highway from Carbondale to Cairo will be hard surfaced before the end of next year.

Messrs. Reintges and Nissen had meetings at every town along their trip and found a great deal of interest in the "Sociability Run" to the annual convention which will be held at Meridian, Miss., October 12 and 13th. Mr. Reintges made arrangements with the ferryman at Cairo to give special service to the touring parties.

The tentative itinerary for the run this year is now being prepared by Mr. Reintges and on application will be mailed to you.

The tour will be in charge of Louis Ortigier, who so successfully handled same last year.

Miss Minnie Allen Entertains the Clerks

Friday evening Miss Minnie Allen was hostess to the clerks of the east side Floreth Dry Goods Co. The affair was essentially a watermelon party and the young people fully enjoyed a liberal treat of that delicious fruit. Games and various pleasant pastimes occupied the hours of the evening.

Picnic at Nichols Park

Miss Ruth Sentney, teacher of the intermediate grade at Alexander, brought her pupils to Nichols park for an outing. The young people had a right merry time with boating, games, playground appliances and all the attractions of the park. Of course dinner was a prime feature of the day and much enjoyed.

Hebron Sunday School Has Annual Picnic

The members of the Hebron Sunday school held their annual picnic at Nichols park yesterday. The pupils and teachers met at the church in the morning about 10 o'clock and made the trip to Jacksonville by auto. At noon a fine dinner was served and in the afternoon every one had a fine time playing all sorts of games and giving different kinds of stunts. The crowd returned to their homes late in the day, all declaring the annual affair had been even more successful than usual this year.

I. W. C. Faculty Is Entertained

The entire faculty of the Illinois Woman's College and their wives were entertained at a supper party given by Dr. and Mrs. Harker. The affair was in the nature of a get-together meeting of the faculty members to become acquainted. There were no formal speeches and everything was done to make the teachers feel at home. There were a large number of guests present, including the thirty-six members of the faculty as follows: Rev. J. R. Harker, president; Albert C. Metcalf, registrar; Olive L. Austin, dean; Nellie A. Knopf, professor of art education; Ruby M. Neville, English; Mary Anderson, mathematics; May Johnson, Latin and Greek; Laura McLaughlin, chemistry; Alida Alexander, biology; Gertrude M. L. T. POTTER WILL MANAGE BIG DAIRY

Will Soon Leave Position to Take Charge of Dairy in Chicago District.

L. T. Potter, who for several years has successfully managed the Jacksonville Creamery Co.'s plant and business, is to leave Jacksonville at no distant date. Mr. Potter recently made an agreement whereby he will become manager of a large dairy farm in the Chicago district. The farm is on the Fox river, is fully equipped and has a large herd of pure bred Holsteins.

Mr. Potter took a course in animal husbandry at the University of Illinois and later was the owner of a dairy herd which he managed in connection with his duties at the creamery. The herd was disposed of at the time the Potter farm was sold. Since that time Mr. Potter has been awaiting the opportunity to enter the particular line of work for which he prepared himself at the university and when the good offer came recently, he decided to accept it.

Accordingly Mr. Potter is expecting to dispose of his property here and to leave early in October for his home in northern Illinois. The many friends of Mr. and Mrs. Potter will be sorry to know that their plans take them away from Jacksonville.

Mr. and Mrs. Charles Patrick Jr., drove to St. Louis yesterday in their car where they will visit with relatives for a time. Mrs. Patrick will then go to Arkansas where she will visit her sister. Her husband plans to return to Jacksonville and later join her in Arkansas the last of this month. They will return home then about October 1.

RETURNS TO MERRITT

Mrs. Laura E. Bailey returned to her home in Merritt Saturday after a pleasant visit at the home of Miss Hattie Barry at 211 South Kosciuszko street.

C. OF C. FORUM MEET PLANNED FOR THURSDAY

Fine Program Outlined for the Get-Together Gathering—Steering Committee Named.

The first Membership-Forum meeting of the fall and winter season will be held Thursday evening, Sept. 22, by the Jacksonville Chamber of Commerce in their rooms in the Myers Block.

This meeting will be an organization Get-Together affair, opening with group singing. An address will be given by Dr. Loyal Lincoln Wirth on his experiences in the land of the Turk a resume of the past three months of the local organization work, a discussion of short duration on one of the projects on which the chamber is working, followed by the serving of light refreshments. The hour and the day of the week on which future forum meetings will be held will also be decided by those present.

There are three committees necessary to the proper carrying on of a series of forum meetings, a steering committee of five men, a fellowship committee of seven and an attendance committee of five. Dr. Carl E. Black, the forum president, announced the personnel of the steering committee Saturday, as follows: C. H. Rammelkamp, J. J. Reeve, Fletcher Hopper, William A. Fay and Dr. Black. The Fellowship and Attendance committees will be appointed later.

A well organized, well conducted and well attended forum is an educational institution of no mean value. It is a valuable instrument to use in working out the many problems that confront this community today and should have the support of the entire membership.

F. M. MYTINGER DIES AT WHITE HALL HOME

Prominent Citizen and Business Man Passes Away After Brief Illness—Had Been Resident for Over Fifty Years.

WHITE HALL, Sept. 17.—(Special to Journal).—Francis M. Mytinger one of the oldest residents of the city died at the home of his daughter, Mrs. Carol Ruckel here this afternoon at 5:35 o'clock. He was stricken with apoplexy September 9 and failed to rally, growing gradually weaker until the end came.

Decedent was born in Lewisburg, Ohio, December 3, 1841, and his early life was spent in that state. He came to White Hall before the Civil war. He enlisted in Company I, 61st Illinois Infantry at Greenfield, May 8, 1861 and was mustered out as adjutant of the regiment at Springfield in 1865.

Returning to White Hall Mr. Mytinger embarked in the mercantile business in 1866 retiring from active business life in 1913. During these years he was prominently identified with the affairs of the community and was always ready to air any movement that tended to promote the welfare of his home city.

May 20, 1866 he was united in marriage to Miss Elizabeth Ayers of Jacksonville, the ceremony being said in that city. Mrs. Mytinger died November 15, 1914. One son, Fred was electrocuted in the basement of the Mytinger store in 1908 and one daughter, Frances, died in Denver in 1912.

He is survived by the following children: Mrs. Carol Ruckel of this city, Mrs. George L. Bovard of Moulton, Iowa, Albert E. Mytinger of New Orleans and Mrs. Theodore H. Lane of San Francisco.

Mr. Mytinger was a member of the Masonic fraternity and of Culver Post No. 512 G. A. R. In the earlier years of his life he was a member of the Methodist church but in later years he attended the Presbyterian church. He was a man of strict integrity in his business dealings and one who was held in high esteem in the community.

Arrangements for the funeral have not been made.

FARM LAND SALE POSTPONED

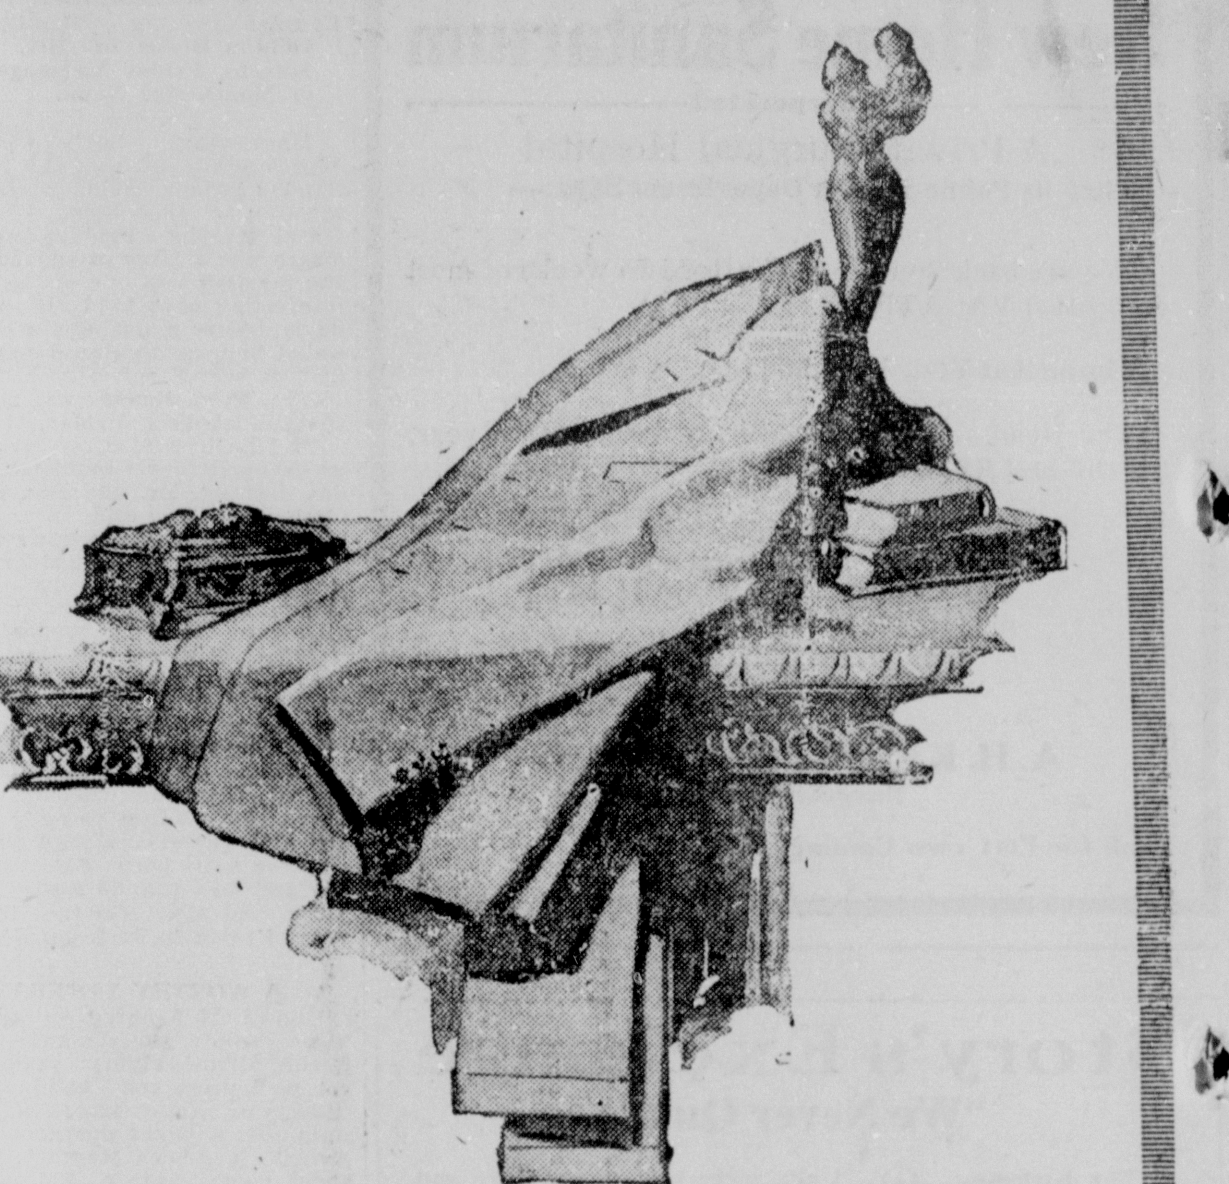

The sale of the Lorton farm land announced for Saturday afternoon was continued until two o'clock Monday afternoon. Master in Chancery English offered the land and the highest bid received was \$206. Then Attorney W. E. Thomson, acting for the administrators of the estate, announced the adjournment until Monday afternoon. The land was appraised at \$350 per acre and must therefore sell at two-thirds that amount in order to have court approval. The farm is under lease for three years, a fact which interfered to some extent with interest in the sale Saturday.

ANNOUNCE PLANS FOR NIGHT SCHOOL

Are Completed to Accommodate
100,000 Pupils—Will be Absolu-
tely Free to War Veterans.

NEW YORK—Plans for the accommodation of 100,000 pupils in the night school system of the Knights of Columbus for the 1921-22 school year, in conjunction with plans for the launching of a free-for-veterans correspondence school system were announced following a meeting of the K. of C. educational committee at the Commodore hotel Sunday.

"We shall have approximately 130 K. of C. schools in operation this year," said Supreme Secretary William J. McGinley, "and we are stressing livelihood courses because we desire to help unemployed war veterans to train themselves for jobs that will be available with the increasing betterment of industrial conditions. The schools will be absolutely free to war veterans, and civilians will be required to pay the cost of the

courses they take, as we have decided to continue the policy of last year."

The K. of C. correspondence school system, being opened to accommodate former service men and others not within geographical reach of the K. of C. night schools, will be launched on November 1st, special offices now being prepared in the new K. of C. national headquarters building in New Haven, Conn. The mail courses, which, at the outset, will cover subjects most popular in the K. of C. night schools, will also be supplied free to former service men who cannot attend the night schools.

ENGAGEMENT OF MISS JESSIE PHILLIPS

The Canton Register in a recent issue had the following announcement of the engagement of Miss Jessie Phillips of Jacksonville to Fred Smith of Alton.

Mr. and Mrs. Melvin Oatman gave a party in honor of Albert Phillips and family of Jacksonville, who, with a party of friends, are en route to Florida to spend the winter. A bountiful chicken dinner was served at 6 o'clock for the out-of-town guests. Later in the evening a number of relatives and friends arrived for a social time. During the evening announcement was made of the engagement of Miss Jessie Phillips, daughter of Mr. and Mrs. Albert Phillips of Jacksonville, and Fred Smith of Alton.

The date of the marriage is not announced, but it will be in the near future. Mr. and Mrs. Will Phillips will entertain for the Jacksonville relatives this evening.

The tourists expected to leave for the south on Saturday, but the rain will probably retard them. There will be three cars in the party. Mr. and Mrs. Jenks of Canton and friends from Elmwood will join the Phillips family.

With Morgan County Poets

Amid the riot of free verse forms, it is refreshing to chance upon a poem in the standard heroic style of Milton and Shakespeare. And when you find subject and form so wedded to each other as in the following lines, you have to wonder if the subject in other hands could have been adapted to modern forms to any better effect.

It must be admitted too, that there is no dearth of subjects—modern subjects—that can be treated in the old forms. What poet would not be proud to have written the last line of this poem?

By way of disparagement perhaps, the free versifiers delight to impress upon you the dictum that nothing is easier to write than blank verse—or, as Eden Philpotts says, "nothing is more easy to achieve than the blankness."

On the other hand, it can be said that nothing is more easy to write than free verse, as it is so often written by those whose only regard for liberty is to abuse it.

The writer of the following poem is a native of England (Manchester). But Morgan County had about eight years of aim, while he attended Whipple Academy and Illinois College. While here, he took a prominent part in the college literary activities, and graduated in 1917. At present he is teaching in some private school in New York state. The poem first appeared in the New York Times, July 29, 1921.

TO A PRIMROSE

Found in an old copy of Jeremy Taylor's
"Holy Dying."

When, on a time, this volume, tumbling down,
Disclosed thee, yellow primrose, in the midst,
Pressed by the grim assurances of the grave,
What pity filled my soul I cannot tell.
Oh, joy of Spring, of day, and dear romance,
Bright flower of life, twined in the leaves of death,
Who set thee thus to fade among the dead?
What hand despoiled thee of the tomb?
Some crabb'd theologian, some cynic cold,
Some bedrid crone whose youth knew all but love—
Were these the sponsors of thy martyrdom?
Could they not find of rue, or rosemary,
Of lilies, or of the ghostly asphodel,
Full store enough to point the grisly theme.
Was the dim cypress to their heart so dear,
They grudged to clip one spray, lest grief complain—
Lest sorrow's drooping wing grow light again?
I looked for thee along the ways of Spring;
In fond Iseult's bright hair I looked for thee,
Or blooming at the waist of Nicolette;
And lo! thou shinest where gray ashes lie.
'Tis true, most true! Thou shinest still, a flame
Whereby the happiness of earth may show
Far, far beyond the cerement and the pall,
The moody tapers and the peering stars.
Straight at the zenith cast thy goodly ray,
Up to those barren gardens of the blest;
And if, as poets have aforetime sung,
Prometheus from the streaming urns of heaven
Did steal, while Argus slept, a writhing flame
To kindle man's rude toil below, be thine
Earth's fallen honor doubly to redeem—
Be thine to kindle May in Paradise.

—HENRY H. CALDWELL.

FRISCH'S BILL IS BRINGING RESULTS

State Bureau of Auto Theft Registration Has Already Resulted in
Recovery of Several Automobiles.

SPRINGFIELD, Ill.—(By A. P.)—Several stolen automobiles have already been recovered through the new state bureau of auto theft registration, according to Secretary of State Emmerson.

Created by the 52nd general assembly by a bill introduced by Rep. Frisch of Springfield, the bureau was placed in operation shortly after July 1 by the secretary of state. Its purpose is to aid police thru Illinois in recovering stolen cars. Weekly bulletins carrying detailed descriptions of stolen cars reported are issued, recent bulletins carrying from 60 to 75 descriptions.

All police departments in the state are required to report within twenty-four hours the theft of an automobile in their cities. These reports are contained in the bulletins.

Secretary Emmerson said he believes the bureau will not only assist in the recovery of stolen cars but will also aid in the apprehension of thieves. Extradition papers going thru the governor's office the past few weeks indicate that police thruout the country have been exceptionally successful in capturing auto thieves.

Mrs. J. M. Roberts was a city arrival from Franklin yesterday.

UNLICENSED CARS AT COUNTY FAIRS

State Automobile Investigators Find Many at These Gatherings—Many Evasions Are Found.

Springfield, Ill.—(By The Associated Press.)—County fairs in Illinois are proving a fertile field for the work of the 25 state automobile investigators, according to W. W. Miller, in charge of the automobile department of the secretary of state's office. The investigators hunt among the hundreds of parked cars for violators of the motor vehicle law, and their searches have always been rewarded, he declares.

A large number of applications for original and duplicate license plates and requests for interpretations of the law follow each fair. Cars are frequently found with one license late attached. The owners of the majority of these cars are among the ranks of those who "crank their own," Mr. Miller said. They have the other plate under a seat or at home in the garage, and they explain that they took the plate off the front because it got in the way when they cranked the engine.

Hundreds of license plates are found covered with mud. The investigator leaves a tag in such cases on the steering wheel asking the motorist to wash his plate. Occasionally an investigator picks off a plate and uncovers a 1920 license. Other cases have been revealed where an old plate was painted in the 1921 colors.

A rebuilt "flyver" belonging to a man in Butler, Montgomery county, did not have any license. It was tagged. The next day the automobile department not only received an application for 1921 plates, but also a check for the 1920 registration of the car. The records showed that the man's application and check were returned in 1920 for correction, and it had not been sent back.

"Sixteen dollars more scared into the treasury," observed Mr. Miller.

A wealthy Monmouth farmer was discovered running a Packard and touring car on a Ford license. For the past three years he had been filing his application thru the Galesburg post office, where he is not known, and paying a fee of \$8. The fee for Packard cars is \$20. He was arrested and made to pay a heavy fine in addition to three years' delinquent fees.

Wednesday Morning—Friends of
College Invited to Attend.

The first chapel exercises of the year will be held Wednesday morning at 9 o'clock. Friends of the college are cordially invited. President Rammelkamp will make his usual opening address to the students and the Rev. William Marbach, of the State Street Church, will deliver a brief greeting and welcome to the students on behalf of the churches of the city. Mr. Quast of the Conservatory faculty will give a vocal solo.

Ivan S. Rositter, ex-23 was a welcome visitor in the campus during the past week. Mr. Rositter will return to the Yale Theological Seminary during the coming year.

William E. Williams of Pittsfield, whose sudden death was noted in papers recently, was a student in Illinois college during the days when William Jennings Bryan was also a student at "Old Illinois." A nephew of Mr. Williams, David Williams, will be a member of the freshman class. Suzanne Mayer, who is to serve as an instructor in French, and her sis-

ter, who will be a junior in Illinois college arrived from France Thursday morning.

Several young men who are to be freshmen in the college have already taken up their abode in Crampton Hall. Crampton will not furnish accommodations this year for all of the young men who have applied for rooms.

Among the freshmen who will enroll in Illinois this fall is George Govett, Jr., who is a son of George W. Govett, '95 of Quincy, Illinois, a trustee of the college.

Dean Emeritus Hayden, who spent a few weeks visiting at the home of his daughter, Mrs. G. O. Bradford, in Columbus, Ohio returned to Jacksonville Thursday.

Professor W. S. Leavenworth returned to the campus early in the week and has been busy superintending the transferring of the chemical supplies from the gymnasium to the new laboratory on the lower floor of Sturtevant.

Fall Overcoats and the Warm Weather

- Don't be led into procrastination.
- Don't be lulled into a belief that these exceptionally warm days mean that an overcoat will not feel mighty good before many days have rolled around.
- Remember, when you do need that coat you will need it quick.
- Don't forget that you have in mind having a new one made this fall; that you have been promising yourself a new overcoat for the past two seasons; that you were just waiting for them to be a little lower in price.
- And don't forget that it takes a few days in which to turn out a good job, and that there will be others in the same fix as yourself.
- The new imported and domestic weaves are here now, more beautiful than ever, and we are ready to begin on your overcoat or suit.
- Prices are right.

THE MESSAGE OF THE TWILIGHT

Several years ago the writer conducted a party of young friends on a camping tour in the vicinity of the Grand Canyon of Arizona. We went away from the haunts of men and pitched our tents among the Indians and cowboys in the woods. There were in the vicinity of our camp two trails down into the fearful abyss but they were rough and rugged, hard to travel, many

Car Washing and Simonizing

You know what good car washing means (that's the only kind we do) but do you know what "Simonizing" means?—It's the putting on of that "Simoniz," the finish that restores your car to its original lustre and keeps it so.

places where a misstep would send one down hundreds of feet. With a trusty guide we traveled these trails.

It was a strenuous day's work to get to the bottom of the canyon by the back of the Colorado river which can only be approached thru the dry bed of some tributary stream as elsewhere the rocky walls arise hundreds of feet into the air.

We made the descent successfully. Along the bank of the river said is packed hard and dry and on that, rolled in our blankets we disposed ourselves for the night. I saw my party suitably arranged and asleep but for me the surroundings were too mighty and vast; I couldn't sleep but walked back and forth impressed by the grand spectacle about me and I likened our journey down and back in measure, to the journey of life. Tired and hungry we eagerly looked for our camp and never was the place more welcome and supper more acceptable than on our return at the end of our hard journey. The experiences of the two days suggested the following lines.

There comes to me in the twilight

As I sit by the open door,
A murmur borne on the evening breeze,
A voice that whispers among the trees
Fraught with a strange, mysterious power,
As from a distant shore.

As gently the zephyrs fan my brow,
I listen with eager ears,
And I seem to hear a celestial song
Sweetly sung by a heavenly throng,
While the beautiful city seems near to me,
And I smile thru unbidden tears.

I am soon oblivious to earthly scenes,
And I open the eyes of my soul;
I see as I never saw before
The river of life and the golden shore,
More beautiful far than my dearest dreams,
While the crystal waters roll.

Adown the side of the flowing stream
My path winds its devious way;
Rugged, anon thru briar and thorn;
Sometimes, perchance, my hands are torn;
But ever about it brightly gleams
The light of a blessed day.

Of dangers and hardships beset the way,
Great chasms are yawning wide,
Towering boulders beside me rise,
Mountains that pierce o'er the far away skies
But hoping sometime for a better day
I follow my trusty guide.

And often the tempter would ask me to wait,
To linger a little while
But a gentle voice whispers soft in my ear,
"Press onward, don't falter but be of good cheer,
You will certainly suffer a cruel fate
If you heed the seductive wife."

Now the music of waterfalls greets my ears
And beside that enchanting stream,
Weary yet happy at close of day
Forgetting the dangers beside the way
The tolling, the wearying ceaseless cares
I lay me down to dream.

And wonderful visions appear to me there,
I gaze on a heavenly band,
The portals of pearl and the high-ways of gold,
In the city whose pleasures can never be told
While music celestial is borne on the air
As I list to the new made song.

I behold the heroes of olden times
The martyrs, a glorious band,
Who feared not the worst the Evil could do,
In torture and trials were faithful and true,
Gave TWO THE MESSAGE OF THE
Now they list to the music of heavenly chimes
With the Lord in the dear, better land.

My soul is filled with a heavenly joy
My pathway, tho rugged and sore,
Shines clear thru the darkness, fair and bright
Illumined ever with heavenly light
Like a gem untainted with base alloy,
A light from the beautiful shore.

Now gently the vision vanishes,
So lovely and dear to my soul,
And I awake to the scenes about me again.
The labor, the trouble, the toll and the pain
Are light as I think of the brighter day
And the river that near me rolls.
And joyful I rise with the morning light
To engage in the work of the day;
The way I must journey is long and steep,
O'er colossal rocks and thru valleys deep,
But in my soul I perceive the light
That comes from the realms of light.

For I know that a haven is ready for me,
Free from all trouble and ill,
My toil is made easy, my burden made light;

In my soul I have visions, a wonderful sight
A golden wave and a crystal sea,
Beyond the delectable hills.

Sometimes, when the pathway is rugged and drear
When so weary I long to lie down;
I shrink from the pain of the wearisome way
And I dread in my weakness the toll of the day
I hear a voice saying, "Fear not, I am near,
Press on, there awaits thee a crown."

At last I am nearing my journey's end
I approach the delectable hills
For their luster is shining along my way
Reflecting from realms of eternal day
As up to the beautiful land I ascend
So free from life's sorrows and ills.

How happy I am in that beautiful home,
Safe in the haven of rest
And looking back o'er the rugged road
Over which I have come to my best abode
Tho' great were the hardships thru which I have come
I know it was all for the best.

And in that land of eternal day
I have longed for o'er and o'er
Freely accepted just as I am
At the marriage supper of the Lamb
With those I have cherished not far away
I shall hunger and thirst no more.

Y. M. C. A. NOTES

J. W. Stafford has resigned as General Secretary at Galesburg, and has assumed a similar relationship to the Association at Muskogee, Oklahoma. The new General Secretary at Galesburg is Mr. John C. Pentland, who is well known to many of our Illinois Association folks.

C. E. Lee has accepted the Boys' Work Secretaryship at Peoria. Willard Van Patten is now Boys' Work Secretary at Moline. H. F. Ostot has been called to the Physical Directorship at Quincy.

N. G. Smith becomes the colored Secretary at the Bond Avenue Branch, East St. Louis. After two and a half years of service with the State Committee as Northern District Secretary, Mr. Alfred O. Booth has accepted the Financial Secretaryship with the San Francisco Association, beginning service in the new relationship September 1st.

The date of the Illinois Membership Campaign has been set for September 30th to Oct. 5th. Alton, Bloomington, Canton, Danville, Freeport, Kewanee, Monmouth, Rock Island and Waukegan have indicated their desire to participate in the campaign and make the attempt to take the Membership Trophy Cup away from Naperville.

Why People With Weak Nerves and Thin Blood So Often Fail in Life

and are trampled down by strong, keen, red-blooded men with nerves of steel.

Without strong nerves you lose your magnetism, force and courage. You feel your own weakness and others know that you are weak. Trifling things annoy you—this is a sure sign of nerve exhaustion.

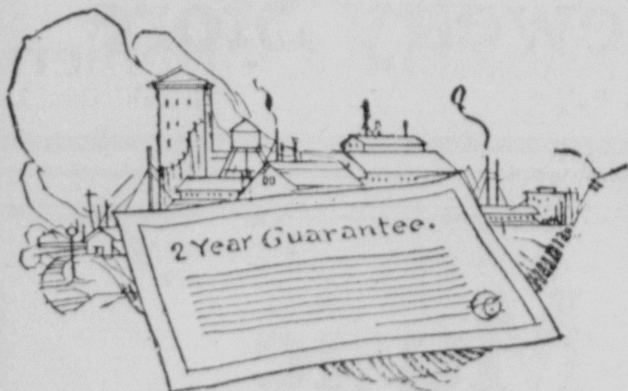

Some people are born with a very small amount of nervous fluid, because their nerve force has been squandered by the lives lead by their ancestors. Others use up their nerve force faster than the body can make it.

When your nerve force becomes weakened, all the vital organs of your body lose their normal strength and vigor and as a result all kinds of alarming symptoms may appear. From the pains across the back, one person thinks he has kidney trouble; another may think his spine is injured because of the tender spots which may occur thereon. The dull heavy pain in the lower part of the head leads another to think he is going to have paralysis and from the disagreeable fullness or pressure in the front of his head, another feels he is going to die from high blood pressure. Sleeplessness and nervous irritability, heart palpitation and indigestion are very common symptoms. Naturally your strength, vigor, endurance and brain power are all greatly weakened, and in such a condition you are in no position to compete with the strong, keen red-blooded man with nerves of steel. When you lack nerve force, there is only

one thing that is going to help you—and that is more nerve force. In such cases mere stimulating medicines and narcotic drugs are often worse than useless; what you must have is something to furnish an increased supply of the nerve-vital fluid to your nerve cells. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken nor injure the teeth nor upset the stomach. It is an entirely different thing from metallic iron which people usually take. Nuxated Iron may therefore be termed both a blood and a nerve food as it feeds the strength-giving iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

Over four million people are using Nuxated Iron annually. From the remarkably beneficial results which it has produced, the manufacturers feel so certain of its efficacy that they guarantee satisfaction results to every purchaser or they will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Nuxated Iron for the blood and nerves is sold by all druggists.

Nuxated Iron Enriches the Blood—Gives You New strength and energy.

TO TRAIN FARMERS IN CATTLE RAISING

Illinois Steers to Be Taken South to Aid in Advancing Bovine Standards.

The Chicago Evening Journal in the accompanying story tells how livestock farming conditions in the south are to be improved with Illinois methods.

Dixie is to be shaken out of its shuffling and impecunious "cotton-and-tater-patch" habits thru a campaign backed by the banks of the south and the government, which plans to take Illinois steers south to bring up the cattle standards there, according to Eugene Arnett of Oklahoma City.

Mr. Arnett is in Chicago in the interests of the campaign which he says is intended to educate and aid the farmers of the south in stock raising, instead of purely crop-growing activities. The latter, it is hoped, will lead the farmers to prosper more than they have in the past.

Oklahoma Starts Movement
The movement started in Oklahoma, where the banks got tired of carrying the small farmer loans when the farmers appeared to be using the wrong tactics to make agriculture pay. Eighty-nine per cent of the 985 banks of the state got together and decided to make no more one-crop basis loans to farmers unless borrowers would try the method advocated by the government farm experts.

A survey showed that 40 per cent of the farms in Oklahoma were without a single cow or hog and that the farmers were seeking to get a living only from crop-raising, and in many places failing miserably.

Must Reform to Get Loans
The banks, with government backing, then decided that before more loans were forthcoming the farmers would have to go in for animal husbandry and agree to supplement their profits by raising chickens, sheep, hogs and cattle for dairy purposes as well as beef.

To aid in this, an appraisal committee of twenty-five from the breeding belt was appointed to prepare for importing stock to the southern farms. This committee is composed of government experts, agricultural college deans

Like Father, Like Son

Theodore Roosevelt, assistant secretary of the navy, drives home a point in his speech at the fair at Rhinecliff, N. Y., in a manner reminiscent of his famous father

and successful stock raisers, and is headed by H. W. Mumford.

Plan Big Illinois Purchases
After the farmers of the south have been prepared to care for the cattle, which will take most of a year, agents for the appraisal committee are to come thru the dairy district within 250 miles of Chicago and buy thousands of steers which otherwise would be sent to the stockyards.

According to Mr. Arnett these Illinois steers will serve the needs of the southern farmers as well as the high-priced bulls raised only for breeding purposes. He says the Illinois farmers who sell steers to the committee will be able to dispose of their animals at higher prices than they could get at the slaughter-houses.

**I. O. O. F. AND REBEKAHS
HELD PICNIC AT BLUFFS**
Tourist Camping Ground Is Established—Some News Happenings.

Bluffs, Sept. 17.—The first annual picnic of the I. O. O. F. and Rebekah lodges was held in Bluffs September 15th. The heavy downpour of rain early in the morning disheartened the committees in charge but a few hours later "Old Sol" shone forth in all his glory and active preparations began for the big event which proved the gala day in the history of the organizations.

By noon, the crowd began to gather, all business houses were closed, schools dismissed early and everybody, big, little, old and young assumed a picnic air and sallied forth in search of the good things to eat and to spend the afternoon and evening. A splendid program was carried out during the afternoon and a platform dance was the evening's drawing card. Good music was furnished and this feature of the picnic was a success also. The gross receipts were \$605. The proceeds will be applied to the building fund as in the near future this organization, which is numerically the strongest in town will build an I. O. O. F. and Rebekah lodge room.

News Notes
Mr. and Mrs. John Burrus of Petersburg are the guests of relatives in town. They are enroute to California where they will make their future home.

Born to Dr. and Mrs. James R. Lucas Tuesday, Sept. 15th., a son, second child.

Mrs. Charles Colling of Chicago arrived Wednesday for a visit with her daughter, Mrs. James Lucas and family.

Rev. E. T. Palmer has returned from Jacksonville where he attended the annual conference of the M. E. church.

Tourist Camping Grounds.
The Clark lots in the central part of town have been secured for a tourist camping ground and the same are being put in shape and two cars were parked there Wednesday and Thursday. The site is ideal, being on a sandy knoll which is high and dry. A few years ago, the Clark home occupied by tenants, burned, leaving the rear end standing. With a little repair this room can be put in shape for a rest room and quarters for stormy weather.

Mrs. C. A. Strickler of New Salem is a guest of J. A. Strickler and family.

Miss Zeta Morris left Monday to complete her course at the state normal at Normal.

BATHING BEACHES

NEW YORK PROBLEM

NEW YORK.—The sizzling summer of 1921 has made all New York want to go-a-swimming—but there isn't room enough for all to swim.

On week-ends it's a strong man who can battle into bath houses at nearby beaches and even if there were more bath houses, it's hard to imagine how many more thousands could gain foothold on the crowded sands.

So, from city hall down, every one is trying to locate new swimming holes—and a twentieth century swimming hole in America's largest city is a costly proposition. Mayor Hylan has urged construction of a swimming pool in Central park and it has been suggested that an unneeded reservoir be converted to the uses of a perspiring citizenry, but at present it's all talk, and talk is even more heating.

Meanwhile special shower baths have been built in tenement districts, street cleaners hosing the heated pavements, wash down youngsters for the asking, and in the smaller parks dotting the city the police aren't quite so zealous in driving amphibious street urchins out of the fountains.

The world's largest swimming pool has been opened in Madison Square Garden, dock-diving along the Hudson, Harlem and East rivers is as popular as ever, and now and then a neighborhood produces something unique in the way of a bathing tub.

For instance the firemen at the Greenwich Village station house have built a wooden pool for the neighboring youngsters, and artists and poets of the section lay aside palette and pen every day to watch a young woman instruct her splashing pupils there.

When You Buy A PIANO

—You are buying more than mere merchandise. You are buying something that becomes a part of your daily life.

—It represents comfort, pleasure, satisfaction.

—It is something to enjoy, to admire and to be admired by your friends. Its style must be pleasing and its tone and quality must be fine and lasting. These are more important considerations than mere price. Its poor economy to allow price alone to influence the purchase of a piano as an instrument is something you keep for years and years.

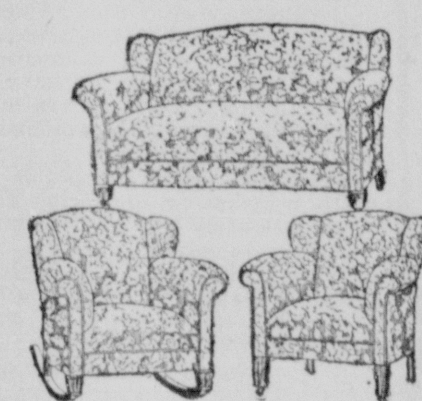

—This store offers you everything in quality together with prices you are bound to consider in quality together with prices you are bound to consider absolutely fair, and reasonable terms if desired—the world's standard makes and fully guaranteed.

While you might think that we are about to argue that you ought to eat Grape Nuts or drink Postum, we are going to do nothing of the kind, even if we do adopt the pet phrase of the late Mr. Post.

The thought we had in mind was this:

There's a reason for choosing People's furniture; in fact there are a number of reasons—reasons which we are glad to enumerate.

"Peoples" furniture is always of a dependable quality—it is always in good taste—it is always properly priced—it is always varied enough in scope and character to properly equip almost any sort of home.

"Peoples" furniture is not sold as so much merchandise—rather it is sold with our understanding and appreciation of the effect to be achieved in the home that it is to adorn.

And, just as though these were not reasons a-plenty we mention again the fact that

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers.

Sailors and Marines.
Australia has 24,600 returned soldiers who have settled on farms.

Each British soldier is allowed 600 cubic feet of space in barracks.

Chemical agencies, it is said, will be the sole factor in deciding future wars.

A hotel for unemployed former soldiers is to be opened by the American Legion, in Chicago.

Disabled officers of the regular army of the United States are retired on three-fourths pay.

Approximately 38,000 British soldiers, including 2000 officers, lost limbs during the World war.

Germany owes the United States \$250,000,000 for maintenance of the Army of Occupation.

Japan has an existing navy of 15 battleships, 9 battle-cruisers, 17 light cruisers, 93 destroyers and 38 submarines.

Since the allied occupation of military forces on the Rhine, seven British army officers have married German women.

West Point has 1262 cadets. The attendance at the United States Military academy is now the largest in its history.

There are between 2000 and 3000 disabled emergency officers

of the United States army granted the right of retirement.
The town of Radcliffe, Ia., with a population of 800, has 106 ex-service men, all of whom are members of the American Legion.

The latest type of battle plane to be used by Great Britain, weighing 9 1-2 tons, will carry machine guns mounted in a kind of gallery.

As a result of the World War, the men of France greatly developed the smoking habit, and, it is said, they are now smoking twice as much as in 1913.

The American claims against Germany, as a result of the World War, including indemnity for dependents of those who were lost when the Lusitania was sunk, totaling \$300,000,000.

In accordance with naval regulations, the colors are raised at 8 o'clock in the morning and lowered at sunset. In the army, the flag is raised at sunrise and lowered at sunset.

General Peyton C. March, one-time chief of staff of the American army, recently visited Marshal Von Hindenburg, in Hanover, Germany. Both officers appeared wearing full uniforms.

A plan has been proposed in Germany to furnish materials for restoration of the devastated regions of France. This agreement is to be submitted to the respective governments for approval.

In the World War, lasting from August of 1914 to the November of 1918, the total death loss in battle was 9,998,771. The total number of wounded was 20,297,551; prisoners and missing 5,983,600.

For his services to the Japanese forces in the Vladivostok region, Colonel F. H. Sargent, U. S. A., retired, was recently decorated by the Japanese government with the Order of the Rising Sun.

Fifteen states in the Union offer aid to the former service men in form of vocational education, and in California, a bill has been adopted providing for vocational education of veterans' dependents.

The value of German property held by the Alien Custodian in this country is now approximately \$400,000,000 due to depreciation of securities and due to the fact that some of the holdings have been returned.

The net expenditure for the World War for both the Allies and Germany and her allies is estimated to be \$186,000,000,000. Of the principal belligerents, Great Britain is shown to have spent most, Germany second, the United States third, and France fourth.

The Pennsylvania State police now include 23 veterans of the World War on the force. The men were former service men of the infantry, engineers, cavalry field artillery, coast artillery, marine corps, navy service, motor transports, signal and medical branches, as well as machine gunners.

The first national convention of the women's auxiliary of the American Legion will be held simultaneously with the third annual convention of the Legion in Kansas City, this fall. Between 8000 and 10,000 women, representing 3400 units throughout the country, are expected to attend the assembly.

Since August 7, last year, the number of implements of war collected and destroyed by Germany includes: 37 million rounds of artillery ammunition and mines, 400 million rounds of rifle and small arms ammunition, 15 million hand grenades, 5 million rifles, 50,000 cannons, 15,000 airplanes, and 30,000 airplane motors.

Several large universities in the United States are offering a variety of courses as a plan for rehabilitation of World War veterans. Training will be given in agricultural, industrial, commercial and academic lines. The men are to be equipped to make the best of their opportunities, rather than shoved into some makeshift employment.

The cruiser Olympia, which was the flagship of Admiral George Dewey in the battle of Manila Bay, has been selected to bring to the United States, the body of the American "unknown soldier" who is to be buried with full military honors and great ceremony at the National cemetery at Arlington, on November 11, the third anniversary of the armistice. The body bearers will be sergeants of the regular army and non-commissioned officers and men of the navy and marine corps. They will accompany the body of the unknown soldier all the way from his present grave in France to Arlington.

TELLS OF UNIQUE CAMP WHERE BOYS OF EAST SIDE GO

Ivan S. Rossiter, Former L. C. Man And Now Yale Student, Finds Work With Immigrant Children Most Interesting.

Few college or university students spent a more unique and interesting vacation this summer than Ivan S. Rossiter, former Illinois college student. Rossiter, who left last night to renew his studies at Yale, told a very interesting story of his work at the William Carey Camp, Boy's Club of New York, which is situated on Long Island.

He was in charge of the commissary department of the camp, which received 500 boys between the ages of 10 and 10 out of the East Side every two weeks. The chief purpose of the Boy's Club of New York in sending the young Russians, Poles, Austrians and others into the open air, and under the leadership of competent college men, is Americanization.

Rossiter attended to the purchases and handling of all food consumed in the camp, and according to him, a foreign born boy who cannot speak English can eat just as much as a genuine son of Uncle Sam. And by filling up the stomachs of some of the youthful East Siders, and working the "gang" idea out of their minds, the men in charge of the camp believe they are accomplishing a great deal to keep the shum kids headed toward useful citizenship.

This summer more than 2,500 boys spent two weeks at the camp. Each was required to pay only \$2, and railroad fare came out of that. Speaking of how much food was used in camp, Rossiter gave the following figures: 3,000 loaves of bread per week; 1,000 pounds of meat per week; 180 quarts of milk per day; 15 gallons of jam and 60 quarts of cocoa at a meal.

From the seven boys who gathered in an old basement in 1876 the Boys Club of New York City has grown by leaps and bounds until today its roster includes over 7,000 names, equal to the population of a small city. An average day's attendance at the great building, One Sixty-one Avenue at Tenth street, is often more than 2,000. If there is an inch of space not occupied any evening after 7:30 o'clock it is only in sections left as "gangways" for even the walls are utilized by built-in benches. Clubs of every sort meet nightly in the big building and the growing need of space is growing more apparent each day. Drawing classes, violin classes, the band, the radio club and the Balalaika and string orchestra all meet in these club rooms. If a boy is under 4 feet in height he pays 10 cents; over 4 feet, 20 cents; over 5 feet, 30 cents. Every boy who uses the gymnasium

and swimming pool in the club building is thoroughly examined once a year by physicians from the Post-Graduate hospital. These busy specialists give three or four nights a week to safeguard future citizens as cheerfully as they gave two years of their careers to the A.E.F. A record is kept of each examination. Hence many cases of adenoids, enlarged tonsils, bad teeth, flat feet and many other of the more common defects are brought to the attention of a physician early in the boy's life and corrected before they gain headway or result in any permanent harm.

The lunch room proves a close rival to the swimming pool. Rossiter stated in his interesting discussion of the work. Cookies for a penny, followed by a cup of steaming hot cocoa for two cents, certainly does a great deal to cheer the heart of any youngster on a cold, damp afternoon. No dust-swept pretzels dangling on a stick, no sloppy drinks served in unsanitary containers on street corners for these boys. Everyone "dines at his club" and at a place where his pennies go farthest.

Every evening each of the ninety intermediate clubs who hold a meeting in the club building, deposit in the bank dues received from members. Each club has a pass book of its own wherein are credited each night's deposits. When the club wishes to draw money for some special purpose, they make out a check payable to the club and signed by the club treasurer. This check in turn is countersigned by the leader of the club showing that he approves of the purpose for which the money is to be expended and the check then receives the final O. K. by the club superintendent.

Rossiter found this club work even more interesting than his chautauqua tours of a year or two ago.

ANSWER THIS PUZZLE WIN \$1000

How Many Objects in This Picture Start With the Letter "P"

Here's a Picture Puzzle which contains a number of objects beginning with the letter "P". Just take a good look at the picture—there are all sorts of things that begin with the letter "P"—like pipe, pie, pony, etc. and all the other words are equally clear. How many can you find? This is not a true puzzle; nothing is hidden, and you don't have to turn the picture upside-down.

Twenty cash prizes will be given to the best lists of words submitted. The answer having the largest and nearest correct list of visible objects shown in the picture that start with "P" will be awarded first prize, second best, second prize, etc.

It Costs Nothing to Try

All who participate in this great Fun-Game from the tiniest child to Grandpa and Grandma, might after the clues are done this evening gather all the members of your family together, give each one of them a pencil and sheet of paper and see who can find the most "P-words." You'll be surprised to find how large a list of "P-words" you can get after a few minutes' study. Sit down and try it—then send in your list and try for the big prize.

This is not a subscription contest. You don't need to send in a subscription to win unless you want to, but our Picture Puzzles for Puzzlers makes the Prize List and your contributions are sent in. For instance, if your Puzzle answer is awarded First Prize, you will win \$1,000.00. If you are making the following Special Offer during this Fall Advertising and Reader Campaign, shortly you can win larger cash prizes by sending in \$5 or \$10 worth of subscriptions for the Gentleman Magazine.

You Can Win \$1000

HERE'S THE PLAN: If your answer wins First Prize, and you have sent in \$5.00 worth of subscriptions, you will win \$1,000.00 instead of \$500.00; 2nd Prize, \$750.00; 3rd Prize, \$500.00, etc. Or, if your answer wins First Prize and you have sent in \$10.00 worth of subscriptions, you will win \$2,000.00 instead of \$1,000.00; 2nd Prize, \$1,500.00; 3rd Prize, \$1,000.00, etc. Isn't this a dandy offer? Extra amounts will be given on all prizes in the same manner. It takes just five dollars worth of subscriptions to qualify your answer for the big \$1,000 reward. Absolutely Free Dollars worth is all.

THE PRIZES

If no subscriptions are sent	If \$3 worth of 11 \$3 worth of subscriptions are sent	If \$5 worth of 11 \$3 worth of subscriptions are sent

ENGINEER HOLDS TRAIN FOR FUNERAL

Stops Burlington Passenger Train
Near Roodhouse to Allow Fun-
eral Cortege to Pass—Con-
stable to Sell Race Horse—
Gives Function for Daughter.

White Hall, Sept. 16.—Com-
ment in family and Masonic cir-
cles brings to the front an ac-
tion on the part of an engineer on the
Burlington that is worthy of wide

note. As the funeral cortege
bearing the remains of Frank L.
Knight to Fernwood cemetery at
Roodhouse was crossing the Bur-
lington track at the Strang cross-
ing, immediately north of town,
the afternoon passenger train on
the Burlington was easing down
the grade toward White Hall,
coming at a full stop before
reaching the highway crossing,
and allowing the last automobile
of the funeral train to pass before
the train proceeded. There were
between 35 and 40 autos in the
funeral procession, and every one
who witnessed the act was asking
that it be given the widest pub-
licity. The train was in charge
of Engineer Cullenbine and Con-
ductor Northcutt. The place where
this occurred was some distance
beyond the north limits of the
city. Had it occurred within the
city limits less might be thought
of it, as the act of a high-minded
engineer, one who did not know
that he was thus paying tribute
to a great soul and a fraternal
brother. Another fact in this
connection is that the train at the
time it stopped was 10 minutes be-
hind time, under which circum-
stances some engineers would
think of running off this lost time
rather than have a mind for the
high respect shown by Engineer
Cullenbine. Mr. Cullenbine is an
extra passenger engineer on the
Burlington, and he probably does
not realize the extra high regard
in which his act has suddenly
brought him in the estimation of
the people of White Hall and
Roodhouse, and it is desired that
his act reach the highest officials
of the Burlington for such atten-
tion as they see fit.

Arthur Houghton, Jr., will
leave the last of the week for
Champaign to enter the Univer-
sity of Illinois for a general course
of four years, after which he will
take up the study of law. He has
been awarded a state scholarship
through Senator A. S. Cuthbert-
son of Bunker Hill, and the young
man proposes to make the best of
his opportunity. He resides at
Patterson, northwest of White
Hall.

Will Sell Race Horse.
White Hall, Sept. 16.—Constable
Joseph Browning will make

his debut Saturday in the role of
auctioneer, and he has prospect
of having the degree of colonel
conferred upon him through this
effort. William (Bud) Howard
attached a race horse belonging
to one John Weaver, residing in
Missouri, for labor, and now the
animal is in the hands of Constable
Browning. He has posted no-
tices for a sale, and says he will
be the auctioneer, and will not
let the animal go for less than
\$18.50, the amount of costs al-
ready accrued. The animal is a
bay, six years old, and the con-
stable claims it has a pacing re-
cord of 2:15.

The annual fish fry of the First
Baptist church will be held next
Thursday at the church.

Rev. J. O. Kirkpatrick has re-
turned from conference at Jack-
sonville, and will resume another
year of work as pastor of the M.
E. church. He will be in the pul-
pit next Sunday. Rev. T. B.
Lugg, who has been returned to
Sadorus, has been here this week
with his wife, guests at the home
of the latter's parents, Dr. and
Mrs. W. T. Knox.

W. L. Halbert was over from
Springfield this week.
Ed North, residing at Memphis,
Tenn., is said to have made prac-
tical recovery from a stroke of
paralysis of a light character that
came upon him some three
months or more ago.

Ramond S. Osburn is here from
Cleveland for a vacation visit
with his parents, Mr. and Mrs.
D. W. Osburn. He is now one of
the leading representatives of
Swift & Co.

Mrs. Martha Masters, of Jack-
sonville, was a recent visitor.
It develops that Edwin M.
Bates, information concerning
whom was recently asked thru
the papers, is a well known for-
mer resident of White Hall, and
that he died in the soldiers' home
at Quincy several years ago. Prob-
ably the only surviving member
of the family is a daughter, Hat-
tie, residing in Kansas, and this
is being investigated by R. N.
Davis, Lieut. Bates married a sis-
ter of the late John N. Ebey. The
family resided at White Hall for
years, and he was engaged in the
stoneware business for a time.
The family then moved to Spring-
field and thence to Kansas.

Function for Daughter.
White Hall, Sept. 15.—An im-
portant social function was held
at the home of Mr. and Mrs.
Frank Denham, 215 East Lincoln
street, at which was announced
the engagement of their daughter,
Miss Adelaide, and Mr. Robert
Conlee. There were twenty-five
young lady friends present, and
the house was tastefully decorated
in red with a predominance of
hearts. The only out-of-town
guest was Miss Florence Chapin
of Jacksonville. The wedding
will be held in November. The
groom-to-be is a most estimable
young man. He is a veteran of
the World War, and before and
since his army service has been
identified with the A. H. Cain
garages of White Hall and Rood-
house in a managership capacity.

The initial meeting of the Do-
mestic Science Association for the
season was held Tuesday after-
noon at the home of Mrs. Francis
Piper on West Bridgeport street,
when the new officers were in-
stalled as follows: President, Mrs.
Piper; vice president, Mrs. Harry
Littleton; secretary, Mrs. Wil-
liam Mace; treasurer, Mrs. W. A.
Winn; press reporter, Mrs. James
Haddock. The retiring president
is Mrs. Walter Dunphy. There
were 24 members present, and
one new member was admitted at
this time. The refreshments con-
sisted of brick ice cream with
pineapple, assorted cake, salted
nuts. The next meeting will be
with Mrs. Roy Shenkel on the
27th inst. The new president
states that she is going to give
proper attention to the soldier
memorial tree on the soldiers'
monument grounds that is under
the care of the Domestic Science
association, and hopes to be able
to induce all the women's clubs
to make a concerted move to give
these trees needed attention and
replanting in some cases.

The remains of Private Charles
W. Martin are en route from
France, and are due to arrive at
Hoboken, N. J., about the 16th
inst. This is the last of the bod-
ies of the deceased White Hall
soldier boys to be returned. Mar-
tin left White Hall May 27, 1918,
and was assigned to Company C,
18th U. S. Infantry. He was or-
dered to France almost immedi-
ately, and on October 5, 1918,
was killed in action. He was thirty-
years of age at the time of his
death. He was the son of Mr. and
Mrs. S. A. D. Martin, residing
five miles southwest of White
Hall, and three brothers and four
sisters also survive. The remains
will not arrive for ten days or
two weeks, and they will prob-
ably be shipped to Carrollton, as
it is now intended that the burial
will be in Mt. Gilead cemetery,
southwest of Carrollton.

Behind the Stove in Avery's Store.
Ed Baldwin cut ten cords of wood
From rise to set of sun;
He cut it and he piled it, too—
Yes, sir, that's what he done.
To cut ten cords of wood, I vow
Is one tremendous chore;
Baldwin cut his behind the stove
In Avery's dry goods store.

Anthony Seely cut eighteen loads
of hay,
I swan, and raked it, too,
And in twelve hours by the clock
He was entirely thru.
He could, I guess, before he slept
Cut just as many more;
He cut it where Ed cut the wood,
The job was all complete.

Behind the stove in Avery's
store.
Link Hawk, he plowed eight
acres once;
He plowed it good and deep,
And before the sun had near gone
down,
The job was all complete.

The horses never turned a hair,
Weren't tired nor the least bit
sore—
He plowed it all in one short day
Behind the stove in Avery's
store.
Frank Walton, he made five dol-
lars once

By simply picking hops;
He did it all in just one day
With time for several stops.
He might as well of kept it up
A dozen days or more.
Where was it done? The same old
place—
Behind the stove in Avery's
store. —B. F. Mann.

When you buy ordinary tires, expect ordinary service.
When you buy Hewitts expect more than ordinary service.
You will not be disappointed.
Greater mileage, better road gripping qualities in the He-

Battery and Car Repair Work
221 South Main Street

The Mechanical Principals Involved in Grinding

—When an engine is made new every working part
is accurately finished and fitted.

—When an engine becomes worn all the wear must
be eliminated.

—We eliminate piston wear, wrist pin wear, ring
wear, by new parts.

—We eliminate cylinder wear by grinding. At the
same time we can grind just enough more to accu-
rately fit the new piston.

—Therefore, there is a three-fold reason for grind-
ing:—

1st—If new pistons are needed it is cheaper to
grind the cylinder to fit the piston, than to fit the
piston to the cylinder.

2nd—If the cylinders are worn or scored, it is
cheaper to grind them true, than to buy a new
block.

3rd—If an engine is losing power, thin oil in crank
case and fouls plugs.

—It costs less to repair it than to continue to operate
in that condition.

—We are living in the day of progression. Efficient,
thorough and lasting repairs are the only kind of re-
pairs worth while from any standpoint.

—Ultimately, neglect, extravagant, careless meth-
ods will cost the consumer more money than he has
to spend.

—Think it over.
